Q1 There are three overall options for school provision within Haverhill and the surrounding area. Information to explain these options is provided within the consultation document. Which of these options would be your first, second and third choice?

Option 1: two secondary schools with federation

Option 2: two all-through schools

Option 3: three secondary schools

Q2 There are two options for the primary school provision in the north of the town. Please show your preference from the following options.

Each year, Coupals and New Cangle could admit:

30 pupils; Westfield relocates and admits 60 pupils a year

45 pupils; Westfield stays where it is at 30 pupils a year

Q3

If Westfield CP School is to relocate, which of the following sites do you believe is more appropriate? Either option would require significant capital investment, and is dependent on funding being available.

- The site of the current Chalkstone Middle School
- To share the site of Samuel Ward Arts and Technology College
- No opinion

Why do you believe this?

Q4

If it is possible, do you agree that Clements Primary School should relocate to a new site close to its current location?

Strongly Agree Agree Disagree Strongly Disagree No opinion

Why do you believe this?

Where do you believe it should relocate to?

Q5

Do you agree that Burton End Primary School should relocate to the current Parkway Middle School site? Burton End Primary School would continue to admit up to 60 pupils a year.

Strongly Agree Agree Disagree Strongly Disagree No opinion

Q6

Pupils who attend St Felix RCVAP School subsequently attend either Haverhill Middle Schools or catholic schools within Bury St Edmunds. There are two options for timing the change of age range at St Felix. Please show your preference from the following options. Should St Felix change:

- At the same time as other Haverhill schools?
- At the same time as other catholic schools in west Suffolk?

Why do you believe this?

Q7

Pupils attending Cavendish, Glemsford, and Hartest usually go on to Sudbury Upper School after middle school. If either option 1 or 2 is agreed, there are choices for timing the change of age range at these schools. Should these schools change:

- At the same time as other Haverhill schools?
- At the same time as other Sudbury schools?
- At another time?

Why do you believe this?

Q8

Do you agree that most or all provision for students aged 16 to 19 should be provided at a separate centre, rather than within school sixth forms?

Strongly Agree Agree Disagree Strongly Disagree No opinion

Why do you believe this?

Where do you believe a new facility should be located?

Q9

On a scale of 1 to 10 (10 being the highest), how important is it to consider each of these factors, when reorganising schools?

- Reducing the distance pupils have to travel to get to school
- Improving local schools
- Minimising disruption for children during the change in school system
- Ensuring we end up with the right number of schools, of the right sizes, in the right places

Q10 What are your concerns regarding these proposals?

Q11 What are your hopes regarding these proposals?

Q12 What do you think of the proposals for your school?

Name of school: _____

Note: if you wish to comment on another school, please continue on a separate sheet.

Q13 Your views are an important part of this review. Do you feel you have been given sufficient opportunity to give your views on the proposed changes to education provision in your area?

Yes

No

If no, please suggest how else you would have wanted to be able to give your views

Thank you for taking the time to give your views about the future of school provision in your area. Please return the questionnaire in the enclosed FREEPOST envelope.
