

Unisafe Level One – Theory of De-escalation

Target Group - ACS Access & Partnership

One-day event

Pre-requisites: None

Pre-course preparation: None

Aims & Learning objectives:

This course will enable delegates to improve the personal safety of all in the workplace. It will help delegates to identify duties and responsibilities as well as the options open to you when dealing with difficult or challenging behaviour.

The course is both challenging and interactive with delegates completing practical exercises, and a multiple choice assessment paper.

By the end of the course, participants should be able to:

- Demonstrate an understanding of aggressive and violent behaviour
- Identify aspects of the law relating to physical interventions
- Have an understanding of the risk management process
- Identify your own responsibilities, policies and procedures and those of your employers
- Recognise signs of behaviour escalation
- Demonstrate effective selection of the appropriate option to de-escalate a difficult situation
