Dear Sir / Madam,

**BRIDGE AREA, IPSWICH – PROPOSED RESIDENTS PARKING ZONE
FORMAL CONSULTATION 27th NOVEMBER – 18th DECEMBER 2020
LOCATION : GREAT WHIP STREET**

In September 2018, a survey was sent to all businesses and residents on streets within the Bridge area of Ipswich, to gauge support for implementing a Residents Parking Zone (RPZ) in response to longstanding complaints about parking problems caused by non-residents. The results of the survey showed there was enough support to develop a RPZ scheme on some of the streets, including your street, and to carry out a formal legal consultation. As an affected resident/business, this letter notifies you of formal legal consultation on proposals to implement a new RPZ in the Bridge area, which includes Great Whip Street.

A RPZ means that you would need to purchase a virtual permit(s) to be able to park in specially marked residents parking bays on the street and the fees for permits are listed in the public notice that is enclosed with this letter. Fees are set to cover the cost of administering the RPZ and providing dedicated enforcement, not to make a profit. The benefit of a RPZ is that it will help to prevent people who do not live in your area (except your own visitors) from parking on your street at the times that it is proposed to be in operation, which is from 8am to 6pm Monday to Saturday. Outside of these times anyone can park in the bays. The proposals also include the provision of some waiting restrictions to control parking in between the residents parking bays and across driveways and at junctions.

Due to the size of the zone it is not practical to send you details for the whole area and so residents are only being sent plans for the street they live in. However, further details about the proposal and detailed plans for each street are available at www.suffolk.gov.uk/bridge-residents-parking-zone. Attached to this letter is a copy the Legal Notice and plans showing the extent of the RPZ and the proposed permit parking bay details for Great Whip Street.

These proposals are being formally advertised between 27th November - 18th December 2020. This period provides an opportunity for you to make a formal representation either in support, or to object to the proposals. Should you wish to make an objection or any other representations related to these proposals and / or the associated waiting restrictions, please specify the grounds on which they are made, and send to George Firth (Suffolk Legal) not later than 18th December 2020. Contact details are provided in the Draft Street Notice overleaf.

Once the closing date for receiving objections and comments has passed all comments will be reviewed and a final decision will be made by senior councillors and officers from the Council on whether this scheme is implemented as advertised, amended or not proceeded with. If a decision is made to introduce a new RPZ for your area, then this will be administered and enforced by Ipswich Borough Council on Suffolk County Council's behalf and they will write to all affected residents and businesses separately closer to the date when the RPZ would be introduced to provide details about how to apply for a permit(s).

Yours sincerely,

**Senior Engineer
