

Infrastructure Funding Statement

2021/22

DECEMBER 2022

Suffolk
County Council

Summary

This document, prepared by Suffolk County Council (SCC), is the third Infrastructure Funding Statement (IFS) published since the requirement to do so emerged in September 2019, when changes were made to the CIL Regulations, the Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019.

The first Suffolk County Council IFS was published in December 2020 and covered the period 1st April 2019 to 31st March 2020, as well as all secured, received, and unspent money from previous years. The second IFS was published in December 2021.

An IFS provides a summary of all financial and non-financial developer contributions relating to section 106 Legal Agreements (s106), and the Community Infrastructure Levy (CIL) received by Suffolk County Council for the reporting year.

The information provided within this document relates to all the new activity in the reporting year, for the period 1st April 2021 to 31st March 2022.

This statement also provides information on infrastructure projects delivered by SCC.

*Thurston Primary School, Thurston, Mid Suffolk
Completed in August 2021*

*Mildenhall Hub, Mildenhall, West Suffolk
Completed in June 2021*

The below table provides a summary of the amounts of money reported within this statement (in bold), together with the amounts reported in the IFS of previous years.

Description	Financial Year 2021/22	Financial Year 2020/21	Financial Year 2019/20
Money <u>secured from new S106 agreements</u> during the specified financial year	£91,000,760.25	£13,498,502	£46,626,990
Money <u>received</u> from new/existing S106 agreements <u>during the specified financial year</u> , and which is allocated but not spent	£13,063,928.63	£10,120,820	£11,961,647
Money <u>received</u> from new/existing S106 agreements <u>in any year</u> , and which is allocated but not spent (i.e., the cumulative amount received, allocated to projects which will be spent in upcoming years)	£31,670,400	£28,613,410	£25,643,733
Money <u>spent</u> on projects during the specified financial year	£9,275,243.37	£8,724,239	£7,306,290
Unallocated s106 funds (i.e., the money is allocated as it is received)	£0	£0	£0
Money <u>received</u> during the specified financial year <u>for the monitoring</u> of the s106 agreements	£39,589	£28,942	£5,912

Section 1.

Infrastructure Funding Statement 2021/22

1

Introduction

1. Introduction

- 1.1 An infrastructure funding statement (IFS) is a statutory document that must be published each year by a “contribution receiving authority”. A contribution-receiving authority is any authority that issues a community infrastructure levy (CIL) liability notice or receives money or works in kind from a section 106 agreement.
- 1.2 The requirement to publish an IFS originated from the changes made to the CIL Regulations, The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019 (<https://www.legislation.gov.uk/ukxi/2019/1103/regulation/9/made>) in September 2019. Paragraph 121A of Part 10A ‘Reporting and monitoring on CIL and planning obligations’, requires that:

‘(1) no later than 31st December in each calendar year, a contribution receiving authority must publish a document (“the annual infrastructure funding statement”) which comprises the following—

(a) a statement of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than CIL to which regulation 59E or 59F applies) (“the infrastructure list”);

(b) a report about CIL, in relation to the previous financial year (“the reported year”), which includes the matters specified in paragraph 1 of Schedule 2 (“CIL report”);

(c) a report about planning obligations in relation to the reported year, which includes the matters specified in paragraph 3 of Schedule 2 and may include the matters specified in paragraph 4 of that Schedule (“section 106 report”).

(2) The first annual infrastructure funding statement must be published by 31st December 2020.

(3) A contribution receiving authority must publish each annual infrastructure funding statement on its website.

(4) Nothing in paragraph (1) requires a contribution receiving authority to include in its annual infrastructure funding statement any information in relation to CIL which it collects on behalf of another charging authority.

(5) In this regulation, “contribution receiving authority” means -

(a) any charging authority which issues a liability notice during the reported year;

(b) any local planning authority (within the meaning in section 1 of the Town and Country Planning Act 1990 as that section has effect subject to sections 2 to 9 of that Act) to which a sum is required to be paid under a planning obligation, entered into during the reported year, or which will receive a non-monetary contribution under the obligation.’

- 1.3 The information that is published in an IFS differs from authority to authority. As SCC is not a CIL Charging Authority, its duty is to report on one of the three components set out in the regulations relating to section 106

contributions. However, this document also includes CIL funding that has been awarded to SCC from either Babergh District Council, East Suffolk Council or Mid Suffolk District Council.

1.4 Throughout this document, there are references to the following definitions:

- **Secured** – the total amount of money to be provided under any planning obligations which were entered into during the reported year. These contributions may not have been received, and if the planning applications are not implemented, they will never be received.
- **Received and allocated** – the total amount of money under any planning obligations which was received during the reported year. Contributions are assigned a local financial code that is unique to each contribution.
- **Spent/Delivered** – the total amount of money (received under any planning obligations) that was spent by the authority (including transferring it to another person to spend). The contribution has been 'drawn down' by the service.
- **Total amount of money** – the total amount of money (received under any planning obligations) that was allocated but not spent during the reported year for funding infrastructure.
- **Reporting Year** – unless stated otherwise, this refers to the period 1st April 2021 – 31st March 2022.

Section 2.

Infrastructure Funding Statement 2021/22

2

Developer Contributions

2. Developer Contributions

2.1 Section 106 Agreements and Planning Obligations

- 2.1.1 Planning obligations can be secured through either a section 106 agreement or a unilateral undertaking, depending on the nature of the development. A unilateral undertaking is a simplified version of a planning agreement and is entered into by the landowner and any other party with a legal interest in the development site. A section 106 agreement, on the other hand, is a more complex legal agreement that can be attached to a planning permission to mitigate the impact of development.
- 2.1.2 Planning obligations can only be sought where they meet the three legal tests under Regulation 122(2) of the CIL Regulations and set out within paragraph 57 of the National Planning Policy Framework (NPPF) [July 2021]:
- a) Necessary to make the development acceptable in planning terms;*
 - b) Directly related to the development; and,*
 - c) Fairly and reasonably related in scale and kind to the development*
- 2.1.3 The Council's expectations for s106 planning obligations are set out in the [Developers Guide to Infrastructure Contributions in Suffolk](#).
- 2.1.4 S106 obligations can be infrastructure contributions provided on-site, for example, through the delivery of land for a new school or off-site in the form of financial payments.

2.2 Community Infrastructure Levy (CIL)

- 2.2.1 In contrast to s106 obligations, the Community Infrastructure Levy (CIL) is a fixed rate charge that district or borough councils can levy on new development in their area to off-set the impacts of additional homes and businesses on infrastructure such as health, schools, libraries, and waste facilities to support the delivery of sustainable growth. CIL monies can be used to fund the provision, improvement, replacement, operation, or maintenance of infrastructure to support the development of the area.
- 2.2.2 CIL rates are set out via a published Charging Schedule, and the following councils in Suffolk have implemented a CIL:
- Babergh District Council;
 - East Suffolk Council (covering the former Suffolk Coastal and Waveney areas); and
 - Mid Suffolk District Council.

2.3 Relationship between local planning authorities and SCC for s106 and CIL

- 2.3.1 Where a local planning authority (LPA) has adopted a CIL Charging Schedule, the way in which infrastructure providers seek developer contributions changes.

Projects which may have previously been funded by planning obligations in s106 agreements might now be funded via the CIL mechanism.

- 2.3.2 Except where charging authorities expect specific projects or types of infrastructure to be wholly or partly funded by CIL, SCC will continue to use s106 to seek planning obligations on behalf of its service areas in order to mitigate the impacts of development on local communities.

2.4 Section 278 Highway Agreements

- 2.4.1 Additional legal agreements that can fund infrastructure are section 278 highway agreements (s278). These are legally binding agreements made under the Highways Act 1980 between the Local Highway Authority and developers; s278 agreements are required to secure alterations or improvements to the public highway.

- 2.4.2 As referred to in the introduction, the CIL Regulations (as amended 2019) sets out the requirements in respect of the IFS. Schedule 2¹ of the regulations sets out the 'Matters to be included in the annual infrastructure funding statement'. Under Schedule 2, paragraph 4, the regulations state:

'4. The matters which may be included in the section 106 report for each reported year are —

- (a) summary details of any funding or provision of infrastructure which is to be provided through a highway agreement under section 278 of the Highways Act 1980, which was entered into during the reported year,*
(b) summary details of any funding or provision of infrastructure under a highway agreement which was provided during the reported year.'

- 2.4.3 Although the above regulation is a recommendation to include s278 data, it is the intention of SCC to provide this information once it is available.

2.5 Forecasting

- 2.5.1 National guidance suggests that councils should consider reporting on estimated future income where possible. SCC will look at incorporating forecasting of developer contributions in the IFS for future reporting years.

2.6 Borrowings

- 2.6.1 SCC, from time to time, borrows money to forward fund infrastructure projects. In those cases, SCC will look to retrospectively recover the infrastructure investment made through s106 and/or CIL bids.
- 2.6.2 In April 2019 (with a further update in November 2019), the Government, through the Department for Education (DfE), published a document to guide education and planning authorities with seeking developer contributions for new

¹ Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019, Schedule 2 (web link: <https://www.legislation.gov.uk/ukxi/2019/1103/schedule/2/made>)

education facilities to support housing growth: ‘Securing developer contributions for education.’²

2.6.3 Paragraphs 6 and 7 of this document refer to forward funding:

‘6. While basic need funding can be used for new school places that are required due to housing development, we would expect this to be the minimum amount necessary to maintain development viability, having taken into account all infrastructure requirements. Where you have a reasonable expectation of developer funding being received for certain school places, and you have declared this in your SCAP return (or plan to do so), then basic need funding should not be considered available for those school places other than as forward funding to be reimbursed by developer contributions later.

7. There are other options besides basic need grants for forward-funding school places, including the use of local authority borrowing powers where necessary. Where new schools or school expansion is necessary to mitigate the impacts of development, and those new facilities are to be forward funded (for example, by local authorities borrowing money to fund school development prior to receiving section 106 monies or by using capital reserves), it may be possible to secure developer contributions to recoup the monies spent, including interest, fees and expenses as well as the principal sum spent. Where this model is envisaged, we recommend that you engage with the local planning authority before forward funding occurs to ensure that the local planning authority supports this approach. The CIL Regulations prohibit borrowing against future CIL receipts, so this method of forward-funding only applies to planning obligations. Local authorities can bid for funding under government grant programmes such as the Housing Infrastructure Fund (HIF) as they become available, while developers delivering schools directly as an ‘in kind’ contribution may be eligible for loan funding from DfE or Homes England, allowing a new school to be delivered at an earlier stage in the development than would have been possible otherwise.’

2.6.4 Schedule 2 (‘Matters to be included in the annual infrastructure funding statement’) of the CIL Regulations (as amended 2019), paragraph 1(g) refers to:

*‘(g) in relation to CIL expenditure for the reported year, summary details of—
(ii) the amount of CIL spent on repaying money borrowed, including any interest, with details of the items of infrastructure which that money was used to provide (wholly or in part);.’*

² ‘Securing developer contributions for education’, November 2019, Department for Education (web link:

https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/909908/Developer_Contributions_Guidance_update_Nov2019.pdf

*And paragraph 3(h)(ii) refers to: '3. The matters to be included in the section 106 report for each reported year are -
(h) in relation to money (received under planning obligations) which was spent by the authority during the reported year (including transferring it to another person to spend), summary details of -
(ii) the amount of money (received under planning obligations) spent on repaying money borrowed, including any interest, with details of the items of infrastructure which that money was used to provide (wholly or in part);.'*

- 2.6.5 A list of projects where borrowings have been used is provided in Table 6. Capital projects which use borrowings are also listed within SCC's Capital Programme³.

Section 3.

Infrastructure Funding Statement 2021/22

3

s106 Contributions

3. s106 Contributions

3.1 In accordance with the regulations⁴, the responses to the following matters form SCC's fulfilment of an infrastructure funding statement:

The total amount of money secured to be provided under any planning obligations which were entered into during the reporting year:

3.2 For the reporting year, SCC entered into 51 planning agreements, and one Unilateral Undertaking (in which SCC is not a party to the Deed but will receive a developer contribution). These include the following:

- **34 s106 agreements totalling 90,463,451.25**
- **5 Unilateral Undertakings⁵ (UU) totalling 113,163**
- **11 Deeds of Variation⁶ (DoV). Of which there are two financial adjustments totalling £424,146**
- **2 Supplemental agreements⁷ (SUP)**

3.3 To note that there are a total of 52 agreements listed in Appendix 1 and Appendix 2, this is due to one UU where SCC is not party to the Deed, this is matter 60264 (DC/21/0335/FUL, Newmarket). The signed agreement is not uploaded to the SCC website, but as the agreement contains a highways contribution (a Traffic Regulation Order) to be received by SCC, this agreement is therefore accounted for in this IFS.

3.4 The amount of contributions secured from these agreements total **£91,000,760.25** (£90,463,451.25+ £113,163 + £424,146). Please see Appendix 2 for a full list of the contributions.

3.5 This reporting year includes the Deed for the Sizewell C Nuclear Power Station, a nationally significant infrastructure project (NSIP), which on its own equates to £77,289,414.56 in financial planning obligations which will be received by SCC. The planning application was granted development consent by the Secretary of State for Business, Energy and Industrial Strategy on 20 July 2022, although the agreement was signed on 8 October 2021. In accordance with the 2019 CIL Regulations and based on advice from the Planning Advisory Service (PAS), this IFS reports on planning obligations signed in the reporting year.

⁴ Community Infrastructure Levy (Amendment) (England)(No.2) Regulations 2019 Regulation 121A Annual infrastructure statements - Schedule 2 matters to be included in the infrastructure funding statement

⁵ Unilateral Undertakings are a planning obligation offered by the applicant to the County Council as a single party offering in support of a planning application.

⁶ Deeds of Variation mean that an aspect of the original planning agreement has been varied. In this case, the contributions originally secured, including any variation, are identified for the purpose of this statement.

⁷ Supplemental agreements are bilateral agreements that can be used to vary the obligations in an existing section 106 agreement.

3.6 In certain circumstances, planning agreements are modified or varied; this change to a planning agreement is called a deed of variation⁸ (DoV). Of the 52 planning agreements secured in this reporting year, 11 were deeds of variations (all on s106 agreements). It is important to note that not all DoVs in this reporting year will relate to original planning agreements being secured in this same reporting year as they may be from previous years.

3.7 In terms of the number of dwellings, the last reporting year saw a total of 2,535 dwellings for which a planning agreement had been signed, compared with 2,428 dwellings in this reporting year (excluding cases of DoVs).

3.8 The 11 deeds of variation signed during this reporting year are listed in the table below, which also shows the financial implication of two of the DoVs.

Table 1: List of the deeds of variation signed during the reporting year

Agreement Number	LPA Ref	Agreement Signed Date	Parish	District	Financial change
60033	DC/20/06 06/FUL	10/06/2021	Bury St Edmunds	West Suffolk	n/a
37487	DC/13/3229/OUT	13/07/2021	Otley CP	East Suffolk	n/a
41667	DC/15/1128/OUT	29/07/2021	Felixstowe CP	East Suffolk	n/a
42329	B/16/00802/FUL	05/10/2021	Copdock and Washbrook CP	Babergh District Council	n/a
52479	DC/17/1614/FUL	21/10/2021	Newmarket CP	West Suffolk	n/a
35848	DC/13/0660/FUL	21/10/2021	Lakenheath CP	West Suffolk	n/a
54560	DC/18/0614/FUL	16/11/2021	Mildenhall CP	West Suffolk	n/a
45908	B/16/01092/OUT	07/12/2021	East Bergholt CP	Babergh District Council	n/a
32743	F/2013/0345/OUT	07/12/2021	Lakenheath CP	West Suffolk	n/a
49804	DC/18/00233/OUT	09/12/2021	Bramford CP	Mid Suffolk District Council	+ £15,412
54603	DC/18/4312	04/02/2022	Beccles	East Suffolk	+ £408,734

⁸ Deeds of Variation mean that an aspect of the original planning agreement has been varied. In this case, the variations are identified for the purpose of this statement.

3.9 The table below provides the list of the 2 supplemental agreements signed during this reporting year, which are mentioned above. These have no financial implications.

Table 2: List of the supplemental agreements signed during the reporting year

Agreement Number	LPA Ref	Agreement Signed Date	Parish	District
46809	2351/16 - 1755/17	15/04/2021	Great Blakenham CP	Mid Suffolk District Council
55421	IP/18/00526/OUT	07/10/2021	Rushmere St. Andrew CP	Ipswich Borough Council

3.10 Some of these contributions may have already been paid to SCC, but the majority will be calculated and paid at the later agreed trigger points (for example, on the commencement of the development build or, for larger sites, these payments may be phased) over the coming years.

3.11 SCC has a good track record of securing developer contributions to help mitigate the impacts of new development. However, developer contributions can only be sought where they meet the 3 legal tests, so there may be instances in which the improvement of existing infrastructure or the delivery of new infrastructure will require additional funding from other sources.

3.12 Please see 'Appendix 1' and 'Appendix 2'- All-new s106 legal agreements entered into during the reporting year 2021/22 and a full list of the contributions secured.

The total amount of money under any planning obligations which was received during the reporting year:

3.13 **£13,063,928.63** was received during the reporting year and not spent. These contributions either fund part or all project costs and are allocated in accordance with the clauses of the legal agreements.

3.14 A large proportion of the funding received will fund new schools and school expansions to accommodate the population growth. Funding also included contributions for transport, waste, and library projects.

The total amount of money under any planning obligations which was received before the reporting year which has not been allocated by the authority:

3.15 As soon as a contribution is received by SCC, it is allocated to the relevant service and project as described in the s106 agreement. Therefore, for the period up until and including 31st March 2022, there is no received money that has not been allocated, i.e., **£0**.

Summary details of any non-monetary contributions to be provided under planning obligations which were entered into during the reporting year, including details of the number of school places for pupils which will be provided, and the category of school at which they will be provided:

3.16 The table below provides a summary of the non-monetary contributions that were secured through s106 agreements in the reporting year 2021/22. A 2.2ha school site is large enough to ultimately deliver a 420-places primary school and 60-places early years setting.

Table 3: Summary of the non-monetary contributions that were secured through s106 agreements

Planning Reference	Site	Contribution Purpose	Agreement Date	Obligation Description
DC/18/00233/OUT Mid Suffolk District Council	Land east of The Street and Loraine Way, Bramford	Indoor and outdoor facilities for the education and care of pre-school children.	09/12/2021	Pre-school land transfer notice.
1856/17 Mid Suffolk District Council	Land off Norwich Road - north west of Church Lane, Barham	Site allocated for the new Primary School. For the purpose of education provision for children between the ages of 4 and 11 (inclusive) or any variant thereof to be provided on the Primary School Site to comprise both indoor and outdoor facilities for education and/or childcare and/or sports and/or community use.	09/12/2021	Primary School Site Option Agreement.
DC/21/0152/FUL West Suffolk Council	Land south of Burwell Road, Exning	Land for the construction of a new pre-school for the purpose of education and care of pre-school children.	20/01/2022	Pre-School Land. Freehold transfer of a fully serviced site of minimum size 0.1 ha to SCC for £1 for a new early years setting

3.17 The following tables provide an estimate of how many additional places are to be provided and how many places were delivered by SCC in the reporting year

(contributions to deliver these additional places will have been received from previous reporting years). Some historic s106 agreements will include contributions towards improving and enhancing facilities that may not necessarily generate additional places.

3.18 The data below excludes amounts of contributions that apply to DoVs signed during the reporting year.

Table 4: Number of school places to be provided⁹:

Total number of school places for pupils to be provided through planning obligations agreed in 2021/22	Amount Secured (£)	Equivalent places based on 2021 DfE scorecard costs
Early Years	£2,461,352.84	113 (£21,774 per place)
Primary	£6,636,937.13	305 (£21,774 per place)
Secondary	£2,337,587.23	89 (£26,366 per place)
Sixth Form	£459,088.22	17 (£26,366 per place)
Other	-	-

Table 5: Number of school places which have been provided:

Total number of school places for pupils which were provided through planning obligations (whenever agreed) in 2021/22	Amount Spent (£)	Equivalent places based on 2021 DfE scorecard costs
Early Years	£537,790.33	25 (£21,774 per place)
Primary	£5,827,891.64	268 (£21,774 per place)
Secondary	£1,366,790.12	52 (£26,366 per place)
Sixth Form	£69,791.41	3 (£26,366 per place)
Other	-	-

3.19 See the section on infrastructure projects delivered by SCC for further information on school expansion delivery.

The total amount of money (received under any planning obligations) that was spent by the authority (including transferring it to another party to spend);

3.20 SCC has spent **£9,275,243.37** from s106 during the reporting year. See Appendix 3 for a breakdown.

The money (received under any planning obligations) which was allocated by the authority but not spent during the reporting year, summary details of the items of infrastructure on which the money has been allocated, and the amount of money allocated to each item;

⁹ Some of these contributions will be raised through a deed of variation being sealed within the reporting year but the contribution is likely to have been secured in previous years.

3.21 **£13,063,928.63** See Appendix 4 for breakdown.

The money (received under planning obligations) which was spent by the authority during the reporting year (including transferring it to another party to spend), summary details of the items of infrastructure on which the money has been allocated, and the amount of money allocated to each item;

(i) the items of infrastructure on which that money (received under planning obligations) was spent, and the amount spent on each item;

3.22 See Appendix 3

(ii) the amount of money (received under planning obligations) spent on repaying money borrowed, including any interest, with details of the items of infrastructure which that money was used to provide (wholly or in part);

3.23 SCC has provided the below information to show the infrastructure projects for which borrowings have been used as a means to forward fund infrastructure projects. As explained under the Borrowings section, in those cases, SCC will look to retrospectively recover the infrastructure investment made through s106 and/or CIL bids.

Table 6: Infrastructure projects for which borrowings have been used:

Education Facilities

School and Project (Expansion, New, Relocation)	District	Budget for the project (£)	Estimated Forward Funding from SCC (through borrowings or other funds) (£)	Developer Contributions received to date towards the project (s106 and/or CIL) (£)	Other funding means towards the project (Basic Need Funding, Capital Receipt, Gov. Grant, etc.) (£)
Abbots Green Primary School, Bury St Edmunds - Expansion	West Suffolk	2,571,830	769,381	1,307,239	495,210
Chilton Leys New Primary School, Stowmarket – New	Mid Suffolk District Council	6,080,117	3,581,145	2,317,725	181,247
Edgar Sewter Community Primary School, Halesworth – Expansion	East Suffolk	1,364,272	1,364,272	-	-

School and Project (Expansion, New, Relocation)	District	Budget for the project (£)	Estimated Forward Funding from SCC (through borrowings or other funds) (£)	Developer Contributions received to date towards the project (£106 and/or CIL) (£)	Other funding means towards the project (Basic Need Funding, Capital Receipt, Gov. Grant, etc.) (£)
Sybil Andrews Academy Phase 2 and 3 - Expansion	West Suffolk	8,990,057	2,377,979	3,481,123	3,130,955
The Limes Primary Academy, Oulton - Expansion	East Suffolk	7,157,253	2,330,997	3,164,144	1,662,112
The Pines Primary School, Red Lodge - New	West Suffolk	7,601,207	2,867,798	2,580,209	2,153,200
Thurston Primary Academy - Relocation and new build with increased capacity	Mid Suffolk District Council	7,602,922	1,113,307	3,545,652	2,943,963

Waste Facilities

Infrastructure Project description	District	Budget for the project	Estimated Forward Funding from SCC (through borrowings or other funds)	Developer Contributions received to date towards the project (£106 and/or CIL)
West Suffolk Operational Hub (WSOH), Bury St Edmunds (the site includes both a new Household Waste & Recycling Centre and a new Waste Transfer Station) (build completed)	West Suffolk	£12.700m	£12.601m	£183,141

Library/Other Facilities

Infrastructure Project description	District	Budget for the project	Estimated Forward Funding from SCC (through borrowings or other funds)	Developer Contributions received to date towards the project (s106 and/or CIL)
Mildenhall Hub (which includes Mildenhall College Academy (directly funded by the Department for Education), a pre-school, a shared library, NHS Services, a job centre and other services) (build completed)	West Suffolk	£4.9m (spent) (SCC portion of the project)	£4.766m	£133,579 (towards the library)
Eye library (build completed)	Babergh and Mid Suffolk District Councils	£0.601m	Funded via Capital Receipts	£0

(iii) the amount of money (received under planning obligations) spent in respect of monitoring (including reporting under regulation 121A) in relation to the delivery of planning obligations;

3.24 Since the CIL regulations in 2019 allowed a monitoring fee, SCC started to secure monitoring fees on planning obligations from September 2019. The current fee is **£412** for each separate trigger point.

3.25 From 1st January 2023 SCC will charge a minimum of **£476** for each separate trigger point in a planning obligation towards administration costs. The fee is based upon the occurrence of triggers for compliance of a planning obligation rather than each obligation individually. The monitoring fee is to be paid on completion of the s106 legal deed, as SCC has to start administration activities from that point onwards.

3.26 **£39,589** in monitoring fees was received during the reporting year, and all of it was spent during the same reporting year.

The total amount of money (received under any planning obligations) during any year which was retained at the end of the reporting year, and where any of the retained money has been allocated for the purposes of long-term maintenance ("commuted sums"), also identify separately the total amount of commuted sums held.

3.27 The total amount which has been received and allocated (in any year) (up to 31st March 2022) but will be spent in upcoming years is **£31,670,400**. S106 funding is closely monitored and robustly managed via a vigorous internal sign-off mechanism to ensure that it is used for the purpose identified within the original agreement.

3.28 The reason the above figure is significant is that many contributions have a period of 10 years for SCC to spend the money. Larger infrastructure projects such as school expansions or new schools are often linked to other developments, and these developments will not secure all s106 contributions at the same time as the first. The infrastructure projects themselves may only be delivered when a substantial quantum of growth has arisen.

Table 7: Total money, received through planning obligations (whenever agreed), retained at the end of 2021/2022 as “commuted sums” for long-term maintenance.

Agreement number	LPA Ref	Obligation description	Address	Amount received and allocated but not spent
33023	W402/19 (Refer to the County Council's planning register)	Annual Maintenance of Hill Road, Wangford. Annual £600 maintenance charges are due in January each year until the quarry ceases operations.	Wangford Quarry	£903.04
32846	Department of Energy & Climate Change decision – documents available from https://www.gov.uk/government/news/dry-fuel-store-given-consent	Accessibility Payment - Annual payment of £20,000 for 60 years.	Sizewell Dry Fuel Store	£24,078.71
Total				£24,981.75

3.29 This statement provides information on the planning obligations secured during the reporting year, based on the date that the planning agreements have been signed. It is important to bear in mind that where there are planning appeals progressing on sites that have secured s106 agreements, these appeals may affect the planning obligations, as such, please see below a list of current planning appeals.

Table 8: List of appeal cases where planning agreements have already been signed.

Agreement Number	LPA Ref	Parish	Address
60207	DC/21/06379/FUL	Elmswell	Land east of Ashfield Road, Elmswell, IP30 9HQ
60120	DC/21/00476/OUT	Assington	Land east of Assington Barns, The Street, Assington, CO10 5LW

Agreement Number	LPA Ref	Parish	Address
60096	DC/20/04921/OUT	Wetheringsett Cum Brockford	Land east of Hockey Hill, Wetheringsett Cum Brockford, IP14 5PL
60090	DC/20/04692/FUL	Wetheringsett Cum Brockford	Land to the east of Hockey Hill, Wetheringsett Cum Brockford, IP14 5PN
60046	DC/20/1831/OUT	Melton	Land off St Andrews Place and Waterhead Lane St Andrews Place Melton, IP12 1PZ
60024	DC/20/1001/OUT	Ringsfield	Land to the north of School Road, Ringsfield, NR34 8NZ
60051	DC/21/1369/OUT	Hopton	Hopton, land north of Thelnetham Road IP22 2QH

Infrastructure Funding Statement 2021/22

4

Infrastructure projects
delivered by SCC

4. Infrastructure projects delivered by SCC

This section provides some examples of the infrastructure projects delivered by SCC during the reporting year or recently.

4.1 Education projects

4.1.1 Thurston Church of England Primary Academy and Pre-school, Mid Suffolk

The project delivered a new 420-place primary school and 30-place pre-school for Thurston Primary Academy and was completed in August 2021. The site is fully master planned to allow for future expansion to a 630-place primary school and a 60-place pre-school.

The total cost of the new primary school and pre-school was £7,602,922 of which £4,243,535 was secured through s106 developer contributions.

Thurston Church of England Primary Academy and Pre-school, Mid Suffolk

4.1.2 Mildenhall College Academy (Sixth Form) and Pre School, Mildenhall Hub, West Suffolk

In June 2021, Mildenhall College Academy (Sixth Form) moved into a new state of the art School Building which has a capacity for 1350 pupil places and replaces the dilapidated buildings located at the Academy's Bury Road secondary site. This Sixth Form project was directly funded by the Department for Education.

Little Treasures Pre-School is also located at the Mildenhall Hub and has a capacity of 37 places. £76,243.58 of s106 was used towards the funding of the new Pre-School.

Mildenhall Hub, West Suffolk

4.1.3 Grace Cook Primary School and Pre School, Stowmarket, Mid Suffolk

Grace Cook Primary School and Pre School, Stowmarket, Mid Suffolk

The new 210 pupil primary school and 60 pupil pre-school opened on 5th September 2022. SCC received planning permission to build the new school in April 2021 and construction started in May 2021. The school is named after the British astronomer, Alice Grace Cook.

The school has also been designed to accommodate future expansion to 420 pupil places. The new two-storey school, which is part of Orwell Multi-Academy Trust, comprises eight classrooms, a large hall and kitchen, with space for 210 children.

The new single-storey nursery consists of two main playrooms and a kitchen, with space for 60 children.

Included within the design is a new football pitch, ball court and outdoor play areas, as well as covered bike shelters on site to encourage more children to cycle to school.

Grace Cook Primary School and Pre School, Stowmarket, Mid Suffolk

The total cost of the new primary school and pre-school was £6,080,116 of which £5,898,869 was secured through s106 developer contributions.

4.2 Highways projects

4.2.1 Framlingham, East Suffolk - Walkways route

The project was initially approved for CIL funding in 2018 and consisted of different elements of highways safety improvements.

The first part of the projects was delivered in November 2018 and included a new zebra crossing on Station Road (photo to the left), adjacent to the Hopkins Homes site known as Prospect Place. The total cost of this phase of the project was £39,908.

Framlingham, East Suffolk - Walkways route

The second phase of the project is currently underway with road safety improvements for the Pembroke Road junction. The project is to make the junction narrower to make it safer for pedestrians to cross, as currently the junction is very wide and it allows vehicles to enter at speed.

4.2.2 Easton, East Suffolk – Traffic calming measures

This project is a scheme which was delivered in August 2022 and consisted in the creation of 4 road narrowing and village entry gateways. This project was an initiative of Easton Parish Council who wished to use some of their Neighbourhood CIL money to be used towards improving road safety within specific areas of the village for the community.

Easton, East Suffolk – Traffic calming measures

4.2.3 Rushmere St Andrew, East Suffolk - Playford Road Traffic Calming

The project consists of a mini roundabout, speed humps and new street lighting units at the roundabout. The project was completed during summer 2022.

Rushmere St Andrew, East Suffolk - Playford Road Traffic Calming

4.3 Libraries projects

4.3.1 Mildenhall Library, Mildenhall Hub, West Suffolk

The new library within the Mildenhall Hub was completed in June 2021. This project is part of the Mildenhall Hub which is recognised as a significant project in the Government's national One Public Estate Programme.

Mildenhall Library, Mildenhall Hub, West Suffolk

4.4 PRow projects

4.4.1 Red Lodge, West Suffolk - Maintenance and repair to the Public Rights of Way

The project was secured through the s106 agreement linked to planning permission for the development of Land off Turnpike Road, The Carrops & Green Lane, Red Lodge (planning reference: F/2010/0478/FUL).

The project commenced in 2014 and was completed in January 2022. The funding was spread over ten years and used to limit the impact of the construction phase of the residential development on the right of way.

The photo to the left shows the final surfacing works done with the s106 funding.

The total cost of the project was £10,098.

Red Lodge, West Suffolk - Maintenance and repair to the Public Rights of Way

4.4.2 Halesworth, East Suffolk - Footpath on Hill Farm Road

The project provides improvements to the existing Public Right of Way network with better connectivity to the town centre, to Holton Saint Peter Community Primary School and to the sports ground and playing field. The project was approved for CIL funding from East Suffolk Council in October 2018. The project was delivered recently but outside of the reporting period for this IFS. The total cost of the project is in the region of £30,000.

4.5 Waste projects

4.5.1 Foxhall Household Waste & Recycling Centre, East Suffolk - Improvements

This project is currently underway and has received £794,414 from East Suffolk Council through CIL funding. The cost of the project is estimated at £7.8 million. Works started in Autumn 2022.

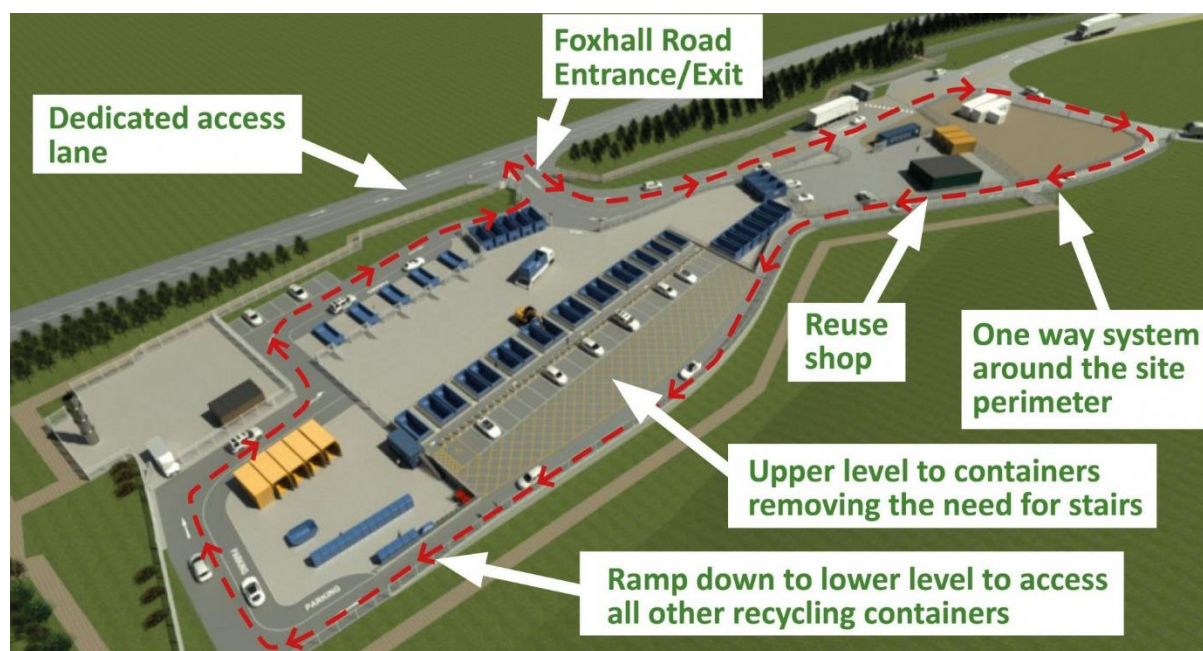

The project will also involve highway improvements to the site entrance. The benefits of this scheme will:

- Reduce the risk of queueing on the highway at peak times.
- Provide an improved space and layout for easier access
- Improve accessibility and increase capacity by eliminating the need for site users to climb steps to access containers
- Improve the Re-use Centre space
- Introduce greater separation between public vehicles and larger vehicles

Example of a Recycling Centre

The new design will provide queuing capacity within the site and improved access from the public highway. The raised level construction will improve access to the containers for site users by removing the need for stairs. It means containers can continue to be emptied without the need to close the site.

Proposed site layout for improvements of the Foxhall Household Waste & Recycling Centre, East Suffolk

4.5.2 Lowestoft Household Waste & Recycling Centre and Transfer Station – Remodelling and improvements of the site to increase capacity and safety.

This project is also currently being developed where CIL funding from East Suffolk Council will partly fund some of the project.

Section 5.

Infrastructure Funding Statement 2021/22

5

**Community
Infrastructure Levy**

5. Community Infrastructure Levy

5.1 Although SCC is not a CIL charging authority, CIL funding is received for some infrastructure projects following successful bids to the local planning authorities (LPAs), who are CIL Charging Authorities.

5.2 It is important for SCC to receive CIL funding to deliver the infrastructure necessary to mitigate development in the districts. The consequence of SCC not receiving CIL funding would mean projects not being delivered, or where other funding (historic s106 contributions) is primarily delivering the project, SCC would have to borrow money to pay for the funding gap. For every £10m borrowed, the cost of borrowing is currently estimated at £571k per annum for 30 years.

5.3 SCC provides details below of the successful awarding of CIL funding. This includes collection and subsequent spend.

The items of infrastructure on which CIL (including land payments) has been spent and the amount of CIL spent on each item.

5.4 The table below provides a list of the infrastructure projects for which SCC was awarded CIL funding within this reporting year.

Table 9: Infrastructure projects for which SCC was awarded CIL funding (during the reporting year)

Project	Location	Contribution amount	Type of Funding	Awarding Body	Awarding of Funding Decision Made	Project Stage
Holbrook Academy (High School) Expansion	Holbrook	£237,750	CIL	Babergh District Council	June 2021	New science lab and new teaching centre completed November 2022.
Thurston Community College Expansion (purchase of land)	Thurston	£1,069,841	CIL	Mid Suffolk District Council	June 2021 (purchase of land)	Land option currently being pursued, following which the 1 st phase i.e., the car park, will be built.
Foxhall HWRC improvements	Foxhall	£794,414	CIL	East Suffolk Council	September 2021	Construction commenced 17/10/2022, expected

Project	Location	Contribution amount	Type of Funding	Awarding Body	Awarding of Funding Decision Made	Project Stage
						completion Spring 2023.
Bungay High School Expansion	Bungay	£624,070	CIL	East Suffolk Council	September 2021	Commencement on site in January 2022. Completed September 2022.
Halesworth - Edgar Sewter Primary School Expansion	Halesworth	£1,364,272	CIL	East Suffolk Council	September 2021	Completed September 2022.
Holton - Holton St Peter Primary School new Early Years provision	Holton	£615,240	CIL	East Suffolk Council	September 2021	Planning application stage.
Elmswell Community Primary School Expansion	Elmswell	1,560,006.21	CIL	Mid Suffolk District Council	November 2021	Completed October 2022.
Brooklands Primary School (CIL bid B21-04)	Brantham	£345,360	CIL	Babergh District Council	March 2022	Completed November 2022.
Total		£6,610,953.21
