How to make a complaint

Complaints about different services

If you are unhappy about a service provided by children's or adult's social care services, your concerns may be able to be considered in the statutory complaints procedures for these services. If your complaint is about a school, please contact the head teacher. Schools have their own complaints procedures. The procedure is explained on our website, at www.suffolk.gov.uk.

What is a complaint?

A complaint is an expression of dissatisfaction with the standard of service, action, or lack of action, by the Council or others working on our behalf.

Stage 1

Informal/local resolution

We aim to sort out your complaint to your satisfaction as quickly and informally as possible. In some cases this may be 'on the spot' or within 20 working days.

Stage 2

If you are not happy with the response you get, you can ask for your complaint to be considered at Stage 2. If we decide to consider your complaint at Stage 2 this will involve someone independent of the service you are complaining about, looking into your outstanding issues and reporting to the Director or Assistant Director with responsibility for the service you are complaining about.

Local Government and Social Care Ombudsman

If you are not happy about the way the Council have dealt with your complaint, you can contact the Local Government and Social Care Ombudsman at any time.

The Local Government and Social Care Ombudsman will usually expect the Council to have had the opportunity to resolve your complaint in the first instance.
