ABOUT ME

I work as a Business Support Officer alongside my work as a Psychotherapist/Counsellor, I think these two roles give me a unique perspective. I can be analytical, organised and logical but also empathetic, understanding and compassionate. In my spare time I enjoy spending time with friends and family, going to the theatre, cinema or live music. I am also a keen crafter and love to crochet, knit, sew and be creative in a variety of ways.

WHAT IS IMPORTANT TO ME

Being happy and fulfilled in life! I enjoy my work, being part of a team and working individually to a high standard, I enjoy feeling like I have accomplished something and the sense of reward that comes from this. It is also important to me to know the impact of the work I do both individually and as a service.

HOW BEST TO SUPPORT ME

I like to be organised, knowing what expectations are and having clear processes helps me. I also feel supported in an open and honest environment, where I am listened to and appreciated. I am also much more approachable after my morning coffee!
