

Rachel Sawyer

Educational Psychologist
One Page Profile

Hello! This page is full of information about me to help you get to know me better!

I enjoy working with lots of different people, to learn about their views and things they are good at. Part of my job is to help children and young people think about how we can make school better for them, and to help them get the help they need!

What people say about me:

- Smiley and friendly!
- Hardworking and determined.
- Willing to try new things!
- Supportive and helpful.
- Good listener!
- Makes a good cup of tea!

What is important to me:

- Spending time with my family and friends.
- Working with others, and listening to them!
- Trying my best at everything I do, and trying to learn from my mistakes.
- Going outside for walks.
- Trying new things!
- Not letting people down – if I tell someone I will do something I make sure I do it.
- Feeling as if I have helped someone.

How to help me:

- I like it when people are honest with me, as it makes it easier to help them.
- I like to plan ahead, so I try to arrange things in advance where possible.
- Sometimes I need time to think, so I might have more ideas or questions another time!
- When I'm learning something new I like to ask lots of questions so that I get things right.
- Smile at me!

What happens next?

- I would like to meet you, and maybe do some work together, either in school or on the computer. I might also watch some of your learning.
- I might ask you questions, play games, do some questionnaires or some drawing.
- There are no right or wrong answers, I am just interested in hearing what you think!
- I might meet with your parents or teachers to think about ways to help you.

Remember that you do not have to work with me if you don't want to. If you have any questions for me, I will try my best to answer them!
