### Message from Assistant Director

*Update from ASC*

Dear Provider

Having worked as the Senior Manager, and most recently acted up as Assistant Director, in the Strategic Commissioning & Contract Management team (previously called Service Development & Contracts) since 2017 I have decided that it is time to retire. My last working day is Thursday 17<sup>th</sup> July.

I wanted to acknowledge the work you do, and the difference you make every day to adults across Suffolk. I have thoroughly enjoyed my job, working with the care sector, and leading a dedicated team of professional staff to ensure we have a range of high-quality care and support services.

Sally Darlow is the Interim Senior Manager and has been leading the team in Ipswich & East for many years, and a new Senior Manager is due to start at the end of September. There will be further details nearer the time.

The Assistant Director post is currently being advertised.

Thank you.

Clare Smith (she/her)

### DOLS Edge Training Offer

*Update from Adult Safeguarding*

Edge Training have produced a helpful video to remind and support care managers on their responsibilities to consult with people and/or their representatives when making DoLS applications.

Watch the video ([DoLS Applications and Consulting Care Homes](#)) to understand:

- Why consultation is a legal duty, not a courtesy
- The impact on families when they're left out of the loop
- How early engagement supports better outcomes for everyone involved

Details can be found on the attached **DOLS Edge Training** poster. Let's work together to ensure that consultation is not overlooked—it's a vital part of safeguarding rights.
