## The Cassius Digital Reminder Clock

### 1 About the Digital Reminder Clock

- The Cassius Digital Reminder Clock provides picture reminders for daily routines which include:
  - Reminders to take your medication
  - Reminders to drink more
  - Reminder to wash
- It can also have written bespoke reminders set up that are added in a free text box so they can say whatever it is you want it to say, this has a maximum character limit of 160 characters.
- The reminders can be set up to appear as a one off, or can repeat weekly or daily.
- It has a large display showing the day, date, time and time of day i.e. Morning, Afternoon or Evening.
- It comes with a stand and can be placed anywhere in a room as long as it can be plugged into a power socket.
- It is charged using a long power cable and we recommend it is plugged in continuously.
- Reminders can be customised to your needs and you can set as many reminders as you like.
- The Digital Reminder clock is part of the Video Carephone and can have additional functionality, such as video calling if required. This can be added at a later date remotely if you decide to change your mind or as you get more confident with the product.

## 2 How does it work?

Your reminders can be set to suit your needs at set times. The clock will show the reminder on the screen so you can see it and a notification sound will also announce when the reminder is on screen so you can hear it.

The reminder will stay on the screen for 1 hour as standard but this can be reduced or increased depending on your requirements.

## 3 Things to know

### Charging and Battery

The Digital Reminder clock can be charged using the extra-long cable provided and plugged into a mains socket. We recommend that it stays plugged in all the time. It uses a limited amount of electricity if continually on charge (maximum £2 per year).

## 4 How is my data used for this product?

This device will capture data which is used to support best outcomes, you can find out more on our privacy statement - <https://www.suffolk.gov.uk/about/privacy-notice/adult-and-community-services-privacy-notice/>
