

## **Environmental Information Regulations – Response - 26606**

*Dear Suffolk Fire and Rescue Service*

*Occupational Exposure to PFAS*

*This is a FOIA request.*

*Please confirm/provide the following:*

*1. Any documents (including, but not limited to any policies, memos, communications, advice) regarding PFAS generally and/or PFAS exposure.*

Suffolk Fire and Rescue Services have searched their records but have been unable to identify any information.

*2. Whether you have, at any point, conducted any testing for PFAS levels in blood on any firefighters within your workforce.*

Suffolk Fire and Rescue Services have searched their records but have been unable to identify any information.

*3. If you have conducted testing, please confirm the type of testing carried out and provide the data results.*

N/A.

*4. If you have not conducted testing, please confirm on what basis this decision has been made.*

Suffolk Fire and Rescues medicals are provided by a third party and contracted to meet the requirements of the medical standards for the Firefighter occupation.
