

## **Environmental Information Regulations – Response - 26661**

*I'm writing to request some information about road maintenance under the Freedom of Information Act.*

*1) Please provide the number of potholes filled in each month from November 2021 to November 2025. These should be the same figures you use to compile the annual 'Potholes Repaired' numbers for the Local Highway Maintenance and Transparency Reports but broken down per month.*

*Please add in information about whether the methodology for how you collect these figures has changed.*

*As per Table 1.1 – Pothole Repairs and Reports (below) methodology has not changed in period.*

*2) Please provide also the number of potholes reported (both by the public and by your own inspectors) in each month from November 2021 to November 2025.*

*Please add in information about whether the methodology for how you collect these figures changed at any point.*

*As per Table 1.1 – Pothole Repairs and Reports (below) methodology has not changed in period.*

The system used to record and raise repair orders by Suffolk County Council does not allow us to distinguish whether a pothole repair was raised by an inspector during a routine safety inspection or as a result of an inspection following a public report.

Please note that Table 1.1 only reflects pothole reports submitted by members of the public.

*Please provide such data in the format below, ideally as a spreadsheet.*

### *Potholes Filled In*

2021	2022	2023	2024	2025	January	February	March	April	May	June	July
August	September	October	November	December							

### *Potholes Reported*

2021	2022	2023	2024	2025	January	February	March	April	May	June	July
August	September	October	November	December							

### **Table 1.1 – Pothole Repairs and Reports**

#### **NB**

\* Potholes repaired in the month, not identified for repair which will be earlier.

\*\* Numbers of reports will include multiple reports for the same pothole.

Month/Year	Potholes Repaired In Month*	Potholes Reported In Month**
Jan-21	1,228	1,197
