

## **Environmental Information Regulations – Response - 26907**

*I am requesting information about fire training sites where AFFF (aqueous film-forming foam) has been used.*

*What I need:*

*1. Fire training facility locations:*

- Address and postcode (or grid reference)*
- Years operational*

Suffolk Fire & Rescue Service Operational Training Centre  
Wattisham Flying Station

Ipswich

IP7 7RA

Active since 2011

*2. AFFF foam usage:*

- AFFF products used (2015-2026)*
- Date transitioned to fluorine-free foam (if applicable)*
- Whether PFOS/PFOA-containing foam was used*

Suffolk Fire and Rescue (SFRS) confirm that AFFF foam has not been used in service and foam is not used on station or at training centre

*3. Environmental monitoring (if conducted):*

- Any soil or groundwater PFAS testing results*
- Sample dates and locations*

Nil return

*Format: Excel or CSV*

*Time period: 2015 to February 2026*

*Purpose: Academic research into PFAS contamination from firefighting activities*
