

Freedom of Information – Response –26999

I am writing to request information under the Freedom of Information Act. In order to assist you with this request I am outlining my query as specifically as possible. I would like to have:

- *Information on the number of CCTV cameras in your area*
- *Information on the number of cameras that are faulty or non-operational across your area to date (March 2nd 2026) and also during the following periods 2024, 2025 and the current 2026 period. This can be broken down into months or years. However, the data is held.*
- *A percentage and number breakdown on reasons for them not being in use, ie vandalised, faulty, outdated equipment etc*
- *Where there were faulty cameras, I would like details on how long it took for those faults to be fixed. I am looking for data on the date a camera was reported faulty and then a date for when it was fully operational again.*
- *Details on how often CCTV systems in your area are reviewed, when was the last time the systems were reviewed or audited as a whole to check suitability rather than fault fixing specific cameras.*

We are writing to advise you that, following a search of our paper and electronic records, it has been established that the information you requested is not held by Suffolk County Council.

If you have not already done so, then you may wish to write to the Borough and District Councils of Suffolk:

- Babergh Mid Suffolk District Council
[Freedom of Information - Babergh District Council - babergh.gov.uk / midsuffolk.gov.uk](https://www.babergh.gov.uk/midsuffolk.gov.uk)
- East Suffolk
