

## **Environmental Information Regulations – Response - 27013**

*I would like to request some information under the freedom of information act and Environmental information regulations act.*

*The information I would like to see is as follows:*

*1. The last safety report carried out on the B1116?*

As per file named '27013\_Report.pdf' (split into 5 sections) last cyclical safety inspection was on 06/02/2026

*2. Details of any defects within the last 2 years on the B1116?*

As per file named '27013\_Report.pdf'

*3. How often the B1116 is inspected for damage and problems?*

In line with Suffolk County Councils [Highways Maintenance Operational Plan \(HMOP\)](#) section 4 Risk Management cyclical safety inspections are completed every 3-months. In addition, ad-hoc inspections are carried out to investigate reports received from customers at a specific location.

*4. How many other inquiries/ complaints you have received about the B1116 (Especially the stretch of road in-between Framingham and Denningtonin) in the last two years?*

There have been no formal complaints about the B1116 over the past two years.

*5. What programs/ scheduled inspections you have in force for the B1116?*

The next safety inspection will take place before 06/05/2026, followed by another on 03/06/2026. Due to system changes, an additional inspection is being carried out alongside the usual quarterly schedule. After this, inspections will continue on 03/06/2026 and then every three months thereafter.
