

Environmental Information Regulations – Response - 27301

These requests form part of the Council Climate Action Scorecards, and part of the basis for assessing councils in the Scorecards. I would therefore like to relog and process this request.

This information is most likely to be held by a planning officer or similar.

In particular, please supply me with information relating to the following question:

*1. Has the Council approved any new*1 or expanded*2 roads or road junctions in its area from 1st January 2021 until 1st April 2026? Please list which ones were accepted.*

**1 The intention of this question is to understand overall increases in road capacity, rather than recent housing developments. Please exclude minor roads built exclusively to connect new housing to the pre-existing road network.*

**2 An expanded road or road junction is one that has increased capacity for motor vehicle traffic, not counting bus lanes, cycle infrastructure, or pedestrian infrastructure. Please include roads and junctions where new lanes have been added.*

A – Yes
