

Freedom of Information – Response – 27368

*You have not provided the total Interpretation budget (or the total interpreting/accessibility budget) for 2025/26.
Without the total budget figure, it is impossible to calculate any percentages.
No spend figure (or percentage) has been provided for BSL.
As a result, the response, while citing my request, does not provide the information I asked for. Please conduct an internal review and supply one of the following:*

*The total Interpretation / Interpreting / Accessibility budget for 2025/26, together with the relevant spend on TTS, STT, Braille and BSL so that the percentages can be determined,
or
A clear explanation of why this information is not held, including details of how budgets for these services are managed and recorded.*

The county council doesn't have a central budget for translation services. Costs relating to translation services such as Braille, BSL, TTS or STT are met on a demand basis from existing directorate budgets.
