

Freedom of Information – Response – 27389

To whom it may concern,

1. Through the Freedom of Information Act 2000, I would like to know the role of the pump/crew of the Ipswich East and Hadleigh pumps that assisted Essex Fire Rescue at an industrial unit fire in Colchester on the 14/04/2025 when they were ordered at 14:57.

For example but not limited to, was one of the pumps mobilised to support the other under the Suffolk fire service's BA policy for over the border/cross border incidents.

Please provide any other information that is known about the incident that Suffolk fire service has on its system through the IRS- Incident Recording System.

As the incident took place in another Fire & Rescue Service area, there is no IRS report for Suffolk, however speaking to the Officer in Charge for the incident he has confirmed that two appliances were mobilised as part of a "Make Up" request from Essex Fire & Rescue Service. 2 appliances and an officer were sent in line with our policies and procedures including the BA policy.

2. Finally, please may you provide any other dates and list of pumps, time mobilised, time on scene and time available where Suffolk has assisted Essex between Jan 2023 and December 2024 for FIRE type incidents but also for 14/06/2022 and 03/02/2026.
