

Environmental Information Regulations – Response - 27434

*I therefore request **inspection logs, defect intervention criteria, and all public complaint/report records** for the 20 days leading up 01 March 2026 and afterwards until the defect was repaired on or after the 15th February, for the relevant stretch of road. I attach a plan taken from the OS map showing the approximate position of the defect (green dot), on the A134 approximately one third of a mile to the East of the Esso garage roundabout at the junction of Newton Road, Northern Road and Shawlands Avenue.*

As per attached file named '27343_Report.pdf'.

Redacted Information

All information released in response to a Freedom of Information Act 2000 (FOIA) or Environmental Information Regulation 2004 (EIR) request is deemed to be in the public domain. As such we must consider whether or not the requested information qualifies as personal information and should therefore not be released into the public domain.

The council has determined that this is personal information and is therefore exempt from disclosure under **section 40** of the FOIA and **regulation 13** of the EIR.

The Council considered the following, including the possible consequences of disclosure for the data subjects concerned and their reasonable expectations as to the use of their data:

- expectations of the individuals concerned about personal information being put into the public domain;
- reasonable expectations - the data subjects concerned would have a legitimate expectation of privacy concerning their personal information and would not have anticipated this being put into the public domain;
- whether or not the requested information could be anonymised; and

- balancing the individual's rights and the legitimate interests - In past cases the Information Commissioner has weighed the individual's rights to privacy against the public interest in disclosure. There is no presumption in favour of releasing personal data.

This is an absolute exemption, which means that if the condition is satisfied there is no additional public interest test to consider.

In assessing fairness, the Council considered the likely consequences of disclosure of the requested information. Personal information should not be used in ways that have unjustified adverse effects on the individuals concerned. The council also considered whether such disclosure would be within the reasonable expectations of the individuals, given that any response to a request under the FOIA or EIR is deemed to be in the public domain. The council believes that in this instance it is not fair to disclose personal data and is therefore withholding the requested information under section 40 of the FOIA and regulation 13 of the EIR.

Case Type:	Pothole(s)
Case Number:	43208
Asset Type:	Carriageway
Originated Date:	05/02/2026 12:03
Service Level:	Standard
Location:	Just before layby
Description:	Pothole in the road. Size of bottom of a cone. Very deep, whole wheel went into it. Needs fixing ASAP.
State:	Cleared
Grid Ref.:	589080 241602

Pothole(s)

Case Type:	Pothole(s)
Case Number:	43719

Asset Type:	Carriageway
Originated Date:	06/02/2026 13:03
Service Level:	Standard
Location:	Newton Road after garden centre just before the roundabout
Description:	Massive pothole couldn't be avoided as looked like a puddle, even if I did see it I wouldn't be able to avoid it unless I went into the dirt/grass verge or oncoming traffic so very difficult to avoid and very dangerous. My front left tyre had a giant bulge and damage to the alloy as well which I have had the tyre replaced as was dangerous to drive with and my left back wheel has damage on the alloy and slight chunks out of the tyre, it has a yellow mark around the hole which isn't very well marked and you can't see when hole is full of water and it's dark don't understand why it's been marked but not filled when it's so dangerous.
State:	Cleared

Case Type:	Pothole(s)
Case Number:	45584
Asset Type:	Carriageway
Originated Date:	10/02/2026 19:10
Service Level:	Standard
Location:	A134 from Newton towards Sudbury, about 1/2 mile past Perrywoods.

Description: Same pothole as already reported reference 42426 . I hit the pothole approx 8.45am on Fri 6th Feb. It was raining and the hole was full of water so impossible to see how big it was. I could not avoid it due to oncoming traffic. The hole is at least 18 inches wide and 6 inches deep. My tyre went flat immediately, and I pulled over. Another driver pulled in behind me less than two minutes later, with a flat tyre from the same hole.

Case Number:	46074
Asset Type:	Carriageway
Originated Date:	11/02/2026 17:30
Service Level:	Standard
Location:	There are no landmarks so impossible to locate exactly or stop.
Description:	Cannot locate exactly but a very deep pothole on the Sudbury bound carriageway about one minute past Perrywoods. Very dangerous as to avoid it means going very near the centre of the road.
State:	Cleared
Grid Ref.:	589693 241753

Pothole(s)

Case Type: Pothole(s)

Case Number: 46606

Asset Type: Carriageway

Originated Date: 12/02/2026 18:01

Service Level: Standard

Location: On the A134 going toward Sudbury from newton green

Description: A pothole is opening up and becoming deeper with a sharp edge to the top tarmac surface, this hole is on the near side going towards Sudbury from Newton just around the corner going down the hill. I couldn't avoid this hole as it was dark and raining and the hole was full of water so it appeared to be surface water. A day later my car notified me that I had deflated tyre, the tyre loses pressure slowly, after kwik fit investigated they found my alloy wheel had a flat spot, this is now with a wheel refurb company so I can use the car without further damage to the tyre. These potholes need quicker attention or a method to notify road users like a small flag stuck in the verge.

State: Cleared

Grid Ref.: 589295 241643

Pothole(s)

Case Type: Pothole(s)

Case Number:	46817
Asset Type:	Carriageway
Originated Date:	13/02/2026 09:59
Service Level:	Standard
Location:	A134 Newton Road near to Halford and KFC roundabout, as plotted
Description:	There is a pothole on the A134 Newton Road which has been reported but i have just hit this and it burst my tyre right away. It was unavoidable as there was a lorry on the other side of the road. This made a very loud bang so i would imagine this is very deep. Around 1 and a half feet wide.
State:	Cleared
Grid Ref.:	589337 241671

Pothole(s)

Case Type:	Pothole(s)
Case Number:	48056
Asset Type:	Carriageway
Originated Date:	13/02/2026 15:54
Service Level:	Standard
Location:	A134 going into Sudbury from Newton Green, before the roundabout.

Description: Large pothole on left hand lane going into Sudbury from Newton. Burst nearside right tyre. Unable to take photo as road is very busy

State: Cleared

Grid Ref.: 589070 241602

Pothole(s)

Case Type: Pothole(s)

Case Number: 48427

Asset Type: Carriageway

Originated Date: 14/02/2026 22:06

Service Level: Standard

Location: As road goes into the dip with hedging on both sides towards Sudbury

Description: Large pothole, couple of hundred meters from the roundabout caused tyre damage to front left tyre on 12/02/2026. Have now booked a £157 tyre change to replace tyre that was new in September. Hard to avoid in the dark with traffic coming the other way. Only see it last minute and forced to go over it.

No photos of pothole as it's a busy location and unsafe to stop.

State: Cleared

Grid Ref.: 589093 241605

Pothole(s)

Case Type:	Pothole(s)
Case Number:	57554
Asset Type:	Carriageway
Originated Date:	22/03/2026 22:14
Service Level:	Standard
Location:	It was Sudbury bound close to Keytons Pit on the A134.
Description:	<p>The pothole was on the road heading into Sudbury. It has since been repaired, but I have been advised to obtain a reference number so I can pursue a claim.</p> <p>I originally went to report it but there were 8 reports already, and the website advised it was not necessary to report again. I unfortunately hit it twice a few days apart, it was a big pothole and my tyre soon developed a bulge due to the collision damage. I was with my wife and it was a horrible shuddering loud bang. It was in a dangerous stretch of road, no pathways, parking possible, so no pictures taken, but you will have your own on file. I had to have a new tyre.</p>
State:	Cleared
Grid Ref.:	589347 241679
