

Freedom of Information – Response – 27458

I am requesting the following information under the Freedom of Information Act 2000. This request relates only to local authority-maintained schools (including community, voluntary controlled, voluntary aided, foundation, and maintained special schools). It explicitly excludes academies, free schools, independent (private) schools, non-maintained special schools, UTCs, and studio schools.

Question: Does the local authority currently provide, operate or manage a school catering service for maintained schools?

This school catering service may include delivery through an internal council team, a council-owned trading company (LATCo), or a non-profit partner organisation (e.g., charity or CIC).

Please answer: Yes, No, or Partially.

No

If Yes or Partially, please also provide the trading, brand, or operational name of this catering service.

Suffolk County Council does not manage a school catering service for schools but rather this is a decision for individual schools. A list of schools in Suffolk can be found on the following link:
