

Environmental Information Regulations – Response - 27571

I would like to request the following information:

- *How many road signs there are designating Quiet Lanes as of June 2026 (or the most recent month you hold the data for)?*

Suffolk County Council (SCC) does not keep a record of the actual signs. We are aware of 377 Quiet Lanes in Suffolk. Each one will have a sign at either end, making 754 signs. Some longer lanes will also have repeater signs. We do not keep a record of these so all we can conclude is that there are more than 754 signs.
