

Freedom of Information Request – Response – 27679

Please treat this as a request for information under the Freedom of Information Act 2000. Since the Suffolk County Council elections held in May 2026, please provide, for each Suffolk County Councillor:

1. The total number of emails sent from their official Suffolk County Council email account.
Please see attached document.

2. The total number of emails received into their official Suffolk County Council email account
Please see attached document.

Note 1: Due to Suffolk County Council's log retention policy, only 90 days of log data is available; therefore, the information in this report is limited to the period from 17 May 2026 to 17 August 2026.

Note 2: Please note that some Councillors included in the list provided were re-elected, meaning they already had active email accounts and laptops at the point of being elected. This means they will have been able to continue existing correspondence with constituents and partners, already be subscribed to email distribution lists, and did not have to wait for their email accounts to be activated and laptops to be provided before moving into regular use. It is also the case that some Councillors conduct correspondence where appropriate with constituents and partners via non council-owned accounts – which will not be reflected in these figures.
