

Environmental Information Regulations – Response - 27681

I would be grateful if you could provide the following information under the Freedom of Information Act:

1. The total number of garage units owned by the council?

Please see enclosed spreadsheet containing all buildings designated as garages. None of these are deemed to be garage units specifically. These are mainly garages on school sites or domestic garages that go with a property. Suffolk County Council (SCC) own no commercial garages but do rent Industrial Units at Phoenix Enterprise Park that are/can be used by tenants for garage services.

For all Buildings / Properties please go to the Suffolk County Council public website.

See above.

3. The estimated or reported occupancy rate and/or void rate for the garage units?
