

Environmental Information Regulations – Response - 27723

*I am writing to make a request for all the information to which I am entitled under the The Freedom of Information Act 2002. Please may you provide me with the following:
 Please list the resources that your fire service owns for fighting wildfires? (For example, equipment/ vehicles like unimogs, water backpacks, backpack blowers)*

Item	Number currently in inventory
Terrain support vehicles	3 Unimog
Wildfire beaters	144
Backpack blowers	0
Backpack water units	72
Specialist wildfire PPE	0
Water bowsers	2
Portable pumps suitable for use at remote water sources	36
Drones	0

Do you own any firefighting aircraft or aerial resources? (For example, helicopter/ plane/ drones)
 No

How much did your fire service spend on fighting wildfires in 2015? (For example, on training / resources including equipment and vehicles)
 No records are held by Suffolk Fire and Rescue Service (SFRS) to respond to this question.

How much did your fire service spend on fighting wildfires last calendar year (2025)? And so far this calendar year January - July? (For example, on training / resources including equipment and vehicles)
 As “Wildfire” is not a recognised fire type in the SFRS incident recording system we are not able to break costs down specific to incidents that would be classed by the term “wildfire”. Likewise, whilst the equipment listed above is utilised in wildfires, it is all multi purpose / multi functional.
