

Environmental Information Regulations – Response - 27887

Under the Environmental Information Regulations 2004, I am writing to request details of utility street works carried out on or immediately adjacent to Henniker Road, Debenham, at two separate locations and time periods.

Location 1: Adjacent to the boundary path running alongside 41 Henniker Road and 39 Henniker Road, during April, May and June 2026, with particular focus on a period of intensive works on or around 10 June 2026.

Location 2: At or immediately outside 28 Henniker Road, during August and September 2026, with particular focus on works observed on or around 27 August, 1 September and 2 September 2026.

For each location and period, please could you provide:

- The street works permit/notice details registered for that location and period, including the permit or works reference number(s).*
- The identity of the registered utility operator responsible for the works (for example, Anglian Water or a contractor acting on their behalf).*
- The exact description of the works logged for each project (e.g. the nature of the works, planned and actual start/end dates).*
- Copies of the actual permit or notice documents themselves, rather than a summary only, where these are available.*

Postcode for both locations: IP14 6PY

I am aware that separate works in the same general area were logged under references including AD031-68485781 and AD03168641195-01 (Framsden Road); I would be grateful if you could confirm whether any of these, or a related reference, correspond to either of the periods above, or whether different references apply.

Please find attached the following documents:

Redacted Information

All information released in response to a Freedom of Information Act 2000 (FOIA) or Environmental Information Regulation 2004 (EIR) request is deemed to be in the public domain. As such we must consider whether or not the requested information qualifies as personal information and should therefore not be released into the public domain.

The council has determined that this is personal information and is therefore exempt from disclosure under **section 40** of the FOIA and **regulation 13** of the EIR.

The Council considered the following, including the possible consequences of disclosure for the data subjects concerned and their reasonable expectations as to the use of their data:

- expectations of the individuals concerned about personal information being put into the public domain;
- reasonable expectations - the data subjects concerned would have a legitimate expectation of privacy concerning their personal information and would not have anticipated this being put into the public domain;
- whether or not the requested information could be anonymised; and
- balancing the individual's rights and the legitimate interests - In past cases the Information Commissioner has weighed the individual's rights to privacy against the public interest in disclosure. There is no presumption in favour of releasing personal data.

This is an absolute exemption, which means that if the condition is satisfied there is no additional public interest test to consider.

In assessing fairness, the Council considered the likely consequences of disclosure of the requested information. Personal information should not be used in ways that have unjustified adverse effects on the individuals concerned. The council also considered whether such disclosure would be within the reasonable expectations of the individuals, given that any response to a request under the FOIA or EIR is deemed to be in the public domain. The council believes that in this instance it is not fair to disclose personal data and is therefore withholding the requested information under section 40 of the FOIA and regulation 13 of the EIR.

27887 Henniker Road, Debenham

03/06/2026	11:33	Refuse Change Request	RC40 - Hi, we can allow the extension, however for record purpose please can	

you amend the plotting to Henniker road itself to the highway boundary first as where it is currently plotted we do not maintain the land there.

Thanks, [REDACTED]
