Freedom of Information Request – Response – 28081

I am writing under the Freedom of Information Act 2000 to request information relating to child sexual abuse, child sexual exploitation and child protection within the Suffolk County Council area.
Please provide the following figures separately for the financial years 2023/24 and 2024/25, together with figures for 2025/26 if these are already available.
1. Child sexual abuse
How many children were assessed by children's social care during each year where sexual abuse was identified as a factor at the end of assessment?
A – https://explore-education-statistics.service.gov.uk/find-statistics/children-in-need/2025

2025/26 - 510

2. Child sexual exploitation
How many children were assessed during each year where child sexual exploitation was identified as a factor at the end of assessment?
A – https://explore-education-statistics.service.gov.uk/find-statistics/children-in-need/2025

2025/26 - 143 – not unique children, may also be recorded in CSE

3. Child protection plans
How many children became subject to a child protection plan during each year where sexual abuse was recorded as the initial category of abuse?
A – https://explore-education-statistics.service.gov.uk/find-statistics/children-in-need/2025

2025/2026 – 37 started a child protection plan during the year where sexual abuse was recorded as the initial category of abuse.

I am seeking aggregate figures only, using the categories and definitions already recorded by the council, preferably those used for the Department for Education's Children in Need census.
If the 2025/26 figures are not yet available or finalised, please provide the figures for the two earlier years without delaying the response.
