Freedom of Information Request – Response – 28089

I'm contacting you with a Freedom Of Information Request to assist with a study I'm undertaking on person risk taking entering water in attempt to rescue dogs.

The information I'm requesting is

• Number of deployments to incidents involving people and/or dogs in water relating to dogs entering water

• Number of incidents that involves a person entering the water compared to number of incidents a person didn't enter

• Number of incidents a person required rescuing from the water.

• Number of incidents involving a fatality, and if dog and/or person.

• Breed of dog if known

• Waterway type
