Freedom of Information Request – Response – 28096

Under the Freedom of Information Act 2000, I would like to please request the following information relating to the Warm Homes Local Grant scheme.

Please could you provide the following information for the period from April 2025 (when the scheme was launched) to September 2026, or the closest available reporting period:

1. The total number of applications received by your organisation for the Warm Homes Local Grant scheme.

A - As of 23/10/2026 there has been a total of 1,633 applications.

2. The number/percentage of applications for the scheme assessed for eligibility by your organisation, including whether they were deemed eligible or ineligible.

A - As of 23/10/2026 575 applications have been assessed and there have been 381 eligible applications, and 194 ineligible applications. 1,058 applications are on a waitlist and have not had a detailed, local assessment.

3. The total number of homes within your organisation's area that have received completed upgrades through the scheme.

A - 159 homes as of 19/10/2026.

4. The total number of homes within your organisation's area that have received solar photovoltaic (PV) panel installations through the scheme.

A - 125 installations as of 19/10/2026. Note: this only requests solar PV panel installations and therefore excludes PV Batteries.

5. The total amount of funding allocated to your organisation under the scheme, including the amount spent to date.

A - £6,183,973.67 allocated to Suffolk County Council | £3,648,472 spent as of 19/10/2026.

6. The total amount spent to date by your organisation on solar PV panel installations completed through the scheme.

A - £840,350.00 spent as of 19/10/2026. Note: this only requests solar PV panel installations and therefore excludes PV Batteries.

If any of the requested information is not held by your organisation, please state this and provide any relevant information you do hold.

If the information is already publicly available, please provide a link or reference to where it can be accessed.
