Hi

Thank you for sending confirmation of payment.

No comments from County Ecology yet. I chased yesterday. Will get them to you ASAP.

Many thanks,

Planning Officer
Growth, Highways and Infrastructure
Suffolk County Council

Confirmation of latest payment attached.

Have you received any comments from the Co Ecologist on the information I submitted?

Kind regards,

Mineral Surveying Consultant

Yes, this is agreeable.

If you can arrange for an invoice to be raised I'll arrange for it to be settled.

Kind regards,

Mineral Surveying Consultant

Hi [REDACTED]

Fee for assessing the low freq. noise methodology will be [REDACTED]:

"To review the proposed methodology for assessing the impact of low frequency, we anticipate this will take up to 4 hours to review and we will charge you at our agreed hourly rate of [REDACTED], therefore our total fee will be [REDACTED]."

We will provide a guidance note if needed to summarise our comments on the methodology and any amendments or considerations as required."

Please let me know how you'd like to proceed.

Best wishes,
[REDACTED]

Hi [REDACTED]

None yet, unfortunately. I have chased.

Hoping to have a quote for the low freq. noise methodology to you by Monday, end of play.

Many thanks,
[REDACTED]

Hi [REDACTED]

I queried this with SRL on Thursday 23rd Jan. I haven't yet received a response.

I will follow up and let you know ASAP.

Best wishes,

[REDACTED]

Just wondering if there's going to be an additional fee for assessing the low frequency noise methodology?

Kind regards,

[REDACTED]

Subject: RE: Land at Westerfield : Extraction and Processing of Sand and Gravel with Restoration to Original Ground Levels using infilled Inert Soils and Clays; Recycling of Inert Reusable Materials; Advance and Restoration Biodiversity Enhancements

Hi [REDACTED]

Many thanks for providing the attached proposed methodology for assessing low frequency noise impacts. I expect that there may be an additional fee to provide comment – I will send to SRL and confirm.

SRL expect that their consultants will require 3 hours to review the air quality assessment methodology, charged at and hourly rate of [REDACTED]. Total fee will be [REDACTED].

Please could you confirm if you're happy to proceed on this basis?

Many thanks,

[REDACTED]

[REDACTED]

Further to your email and our more recent phone discussion I attach a proposed methodology for assessing low frequency noise impacts. I look forward to receiving any further comments you or SRL may have regarding this approach. Apologies for the delay providing this information.

Have you established the pre-app fee for advice sought in connection with the air quality assessment (ref email from [REDACTED], Hydrock, 15/01/2025 @ 10:18)? I'd like to get this underway asap.

Kind regards,

[REDACTED]

Hi [REDACTED] and [REDACTED]

Please see response from SRL noise attached.

The comments note that no assessment of low frequency noise impacts has been proposed. Details of this assessment will need to be submitted for review by SRL before the methodology can be approved.

If you have any questions, please let me know.

Best wishes,

[REDACTED]

RE: Land at Westerfield : Extraction and Processing of Sand and Gravel with Restoration to Original Ground Levels using infilled Inert Soils and Clays; Recycling of Inert Reusable Materials; Advance and Restoration Biodiversity Enhancements

Dear [REDACTED]

I hope you're well.

We have been instructed by Nicholls Limited to prepare the Noise & Vibration Impact Assessment for the above Proposed Development at Westerfield. I am now in process of arranging a site visit to carry out the baseline noise survey and I am just seeking comments on the proposed baseline noise survey methodology which I have summarised in the attached document.

I am proposing to measure baseline levels over a week-long period at four locations, with supplementary roaming measurements during installation and retrieval of the monitoring equipment. I will also be installing a weather station during the survey.

I would be most grateful if you could review the proposal and comment, as required.

Kind Regards,

Independent Environmental Consultancy Limited
