Further to our discussion and to confirm, the exhibition to publicise this proposal took place as planned on Friday 21 February 2015 at Westerfield Village Hall.

The exhibition event comprised boards displaying draft details of the proposals with the applicant and consultants present to explain their respective aspect(s) of the proposal and to answer questions. The issues covered and those attending comprised the applicant (Nicholls Ltd / TRU7 Group), the overall proposal (Stephen M Daw Ltd), Highways / Transport (Create Consulting Engineers), Landscape/Visual (Connected Landscapes), Ecology/BNG (Philip Parker Ass), Noise/Air Quality (Stantec), Climate Change (Wardell Armstrong), Archaeology / Heritage (Andrew Josephs Ass), Hydrogeology/Flood Risk (Ayesa) and Arboriculture (Ravercroft Arboricultural Services).

We counted a total of 272 people attending throughout the day (9am to 8pm).

I shall of course include full details of the event in the SoCI to accompany the future planning application.

Kind regards,

[REDACTED]
Mineral Surveying Consultant
