

Motion: Motion 4 – Proposed by Councillor Brambley-Crawshaw and seconded by Councillor Robert Lindsay.

Suffolk County Council recognises the importance of reducing its carbon emissions both to mitigate the worst effects of climate change and to build a strong low carbon economy to ensure a stable future for Suffolk. Reducing our carbon emissions is in line with our own environmental policy, the UK government's Climate Change Act 2008 and the Paris Agreement.

Without local government introducing carbon budgets and targets, the national government is unlikely to meet its targets to reduce overall carbon emissions.

This council recognises that having an open and transparent carbon budget will help us stay on target to reduce our carbon emissions. Therefore, this council will include an annual carbon budget, setting out our target for reduced carbon emissions, alongside the council's revenue and capital budgets. The first carbon budget should be included within the final 2019/20 budget, and approved by full council at the same time as the financial budget.
