

Motion: It is recommended that the Council welcomes the statutory Annual Report of the Director for Public Health, and takes note of the wealth of information provided, as well as the recommendations provided. It is recommended that the Council supports the production of an action plan that builds on the findings of this report, with clear and ambitious goals to tackle some of the challenging issues that affect children and young people. This action plan will be owned and led by Suffolk Health and Wellbeing Board.

Members present agreed by general assent.
