

Suffolk County Council meeting Thursday 2 December 2021, vote taken on Motion 3

Motion 3 – Proposed by Councillor Keith Welham and seconded by Councillor Paul West.

Motion Text: Suffolk County Council is committed to road safety and supports the partnership approach to making roads safer for Suffolk residents and visitors. Education, Enforcement and Engineering are the key operational elements of the strategy which have led to an overall reduction in fatal and serious road casualties over the last decade.

The Council commits to:

1. Continuing to pledge to make our roads safer for residents and visitors
2. Continue with and publicise the work of the Behaviour Change Team, including any safe cycling initiatives, within GHI Transport Strategy.
3. Work constructively within the Roadsafes Board, Suffolk Constabulary and the Fire and Rescue Service to identify road safety education needs;
4. Continue with schools visits where appropriate but develop new ways to engage with schools, including delivering education in-person outside the classroom and through promotional videos and podcasts.

Members present agreed the motion by general assent.
