

Brief:
 To provide a new preschool and primary school for children in the Lakenheath area.

The new buildings are designed to provide a stand-alone 30 place pre-school for children aged 2- 5 years and a new primary school master planned to offer 420 places for pupils aged 4-11 years. The school will be constructed in two phases: the first phase to provide 210 places (30 places per year group) with the additional classrooms and associated facilities added if and when there is sufficient demand. Ancillary spaces have been designed into the first phase to cater for a 420 place school thus reducing the impact of any further expansion.
