

# Would you like to **nurture, inspire,** and **educate** the next generation?

- Have a job that is fun and rewarding?
- Make a difference or change a life for the better?
- Have the satisfaction of running your own business with hours to suit you?

Then **childminding in**  
**Suffolk** could be for you!

If you are interested in working with children as a registered childminder - **now is a great time to start your career!**

Childminders will always be in demand and parents will always need care for their children whilst they work. Childminders provide children with high quality care and play opportunities which help them learn and give them the best start in life.

You don't need a qualification but will be developing yourself by learning all about child development and behaviour. You'll learn first aid, safer food preparation and how to safeguard children. There are plentiful opportunities for continuing professional development.

As a registered childminder delivering early education you will receive information, advice and assistance from the Early Years and Childcare Service.
