

Family Hub Service Model - Site by Site

West Suffolk

Foley House - Newmarket	Family Hub - Part Time
Overview	Rationale
<p>Foley Children Centre is situated in the outskirts of the Newmarket town centre, co-located with Realise Futures and Citizens Advice Bureau. There is a nursery setting on the same site.</p> <p>Over a period of 1 year 101 different vulnerable families have been seen by Children Centre staff either in the centre or at outreach.</p>	<p>A part time Family Hub will offer opportunities for partners to deliver services for 0-19 year olds within the current Children Centre space. This also allows the ability to release Children Centre staff to provide outreach for under 5's at other venues in other deprived/isolated communities.</p> <p>Outreach means services are mobile and can be provided in a variety of locations where they are needed. This ensures that isolated and vulnerable families get the help, information, advice and guidance they may need in accessible venues. Outreach ensures we continue to offer high quality services that support the health and wellbeing of all children and their families.</p>

The Lark - Mildenhall	Family Hub - Full Time
Overview	Rationale
<p>The Lark Children Centre is situated in Mildenhall located near to local amenities and close to local transport links.</p> <p>Over a period of 1 year 117 different vulnerable families have been seen by Children Centre staff either in the centre or at outreach.</p>	<p>A Family Hub will offer further opportunities for partners to deliver services for 0-19 year olds within the current Children Centre space. This ensures that families get the help, information, advice and guidance they may need. We will continue to offer high quality and accessible services that support the health and wellbeing of children and families</p> <p>The Children Centre is also part of the planning for the new Mildenhall Hub, which is currently under development and will reinforce the Family Hub model and provide a whole family service creating a space where families can access a variety of services for 0-19's. Mildenhall Hub timescales indicate completion by the end of 2020.</p>

	Provide additional nursery places
Overview	Rationale
<p>Uplands Children Centre is based in the middle of a residential area within Carlton Colville. The site is shared with a community centre that hosts a morning nursery.</p> <p>In the period of 1 year 92 different vulnerable families have been seen by Children Centre staff either in the centre</p>	<p>The current on-site nursery setting has a waiting list and is turning families away. Re-purposing to a nursery setting is beneficial to meet the need for funded 2- and 3-year olds in the Uplands area. Having sufficient childcare promotes social mobility and improves education outcomes for Children in Suffolk.</p> <p>Services for under 5's will remain in the area from outreach sites. Outreach means services are mobile and can be provided in a variety of locations where they are needed. This ensures that isolated and vulnerable families get the help, information, advice and guidance they may need in accessible venues. Outreach ensures we continue to offer high quality services that support the health and wellbeing of all children and their families.</p>

Butterflies - Beccles	Family Hub - Full Time
Overview	Rationale
<p>Butterflies Children Centre is in the Waveney town of Beccles, situated between the most deprived roads in a residential area, adjacent to a school.</p> <p>In the period of 1 year 161 different vulnerable families have been seen by Children Centre staff either in the centre or at outreach</p>	<p>Butterflies Children Centre sits within an area of need. This centre is already well used by the community and offers a range of services for families living in the area.</p> <p>A Family Hub will offer further opportunities for partners to deliver services for 0-19 year olds within the current Children Centre space. This ensures that families are able to access a wide variety of services for the whole family as well as getting the help, information, advice and guidance they may need. The Family Hub will continue to offer high quality and accessible services that support the health and wellbeing of children and families.</p>

Dragonflies - Halesworth	Family Hub - Part time
Overview	Rationale
<p>Dragonflies Children Centre is in the small rural town of Halesworth. It shares the site with a nursery setting and primary school.</p> <p>In the period of 1 year 127 different vulnerable families have been seen by Children Centre staff either in the centre or at outreach.</p>	<p>A part time Family Hub will offer opportunities for partners to deliver services for 0-19 year olds within the current Children Centre space. This also allows the ability to release Children Centre staff to provide outreach for under 5's at other venues in other deprived/isolated communities.</p> <p>Outreach means services are mobile and can be provided in a variety of locations where they are needed. This ensures that isolated and vulnerable families get the help, information, advice and guidance they may need in accessible venues. Outreach ensures we continue to offer high quality services that support the health and wellbeing of all children and their families.</p>
