

- Car parking numbers have been calculated in accordance with Suffolk County Councils parking standard guidelines and in consultation with Planning Officers and Suffolk Highways.
- 50 spaces have been allocated for the 420 place Primary School, with 24 being provided in the initial 210 place phasing. 9 car parking places have been allocated to the 30 place Preschool.
- All car parking will provide accessible spaces in locations close to their main entrance areas, both school will also be provided with electrical car charging points.
- Pupil drop off to the Primary School for parents in vehicles would be within the school carpark to reduce the impact of vehicles queuing on the highway, with sufficient directional information to make the approach clear.
- Visitor and pupil cycle and scooter storage has been allocated in line with Suffolk County Council Planning requirements, located in secure locations within the schools curtilage.
- Vehicle deliveries, refuse collection, maintenance and emergency access has all been located to the north of the primary school away from the main pupil entrance, enabling safe movements away from pedestrians.
