

Post-16 Travel:

Option 1: In September 2019, change the post-16 travel policy so that it is in line with the legal requirements. Make all changes in one go to the post-16 policy.

For the full range of changes under Option 1 go to page 16 of the consultation booklet.

Q6 Can you tell us why you think this, and how do you think this should be funded?

Rights of Way

Public rights of way (public footpaths, bridleways, etc) could be taken into account when measuring distances to assess eligibility for free or subsidised travel. We would measure the shortest route along which a young person may walk safely. Disputes about the safety of a particular route would continue to be resolved by the transport appeals committee.

Q7 Do you think Rights of Way should be taken into account when assessing your nearest post-16 provision?

Charging for spare seats

For spare seats on closed contracts where routes are not commercially viable, we would offer spare seats for sale (subject to spare capacity) to non-eligible children and young people.

Q11 Should we change the price charged for the sale of empty spare seats on closed contract routes?

Keep the same	
Actual cost per route (currently ranging from £380 to £1710 per year)	
The average cost (currently £960)	
At a subsidised cost	
Other, please specify	

Q12 Should we sell the spare seats?

Please tick those you feel are appropriate.

On a first come first served basis	
Prioritise those unable to access public transport	
Prioritise those who come from a low-income family	
Prioritise those who live in a rural location	
Other, please specify	

Reducing the impact of potential changes for post-16 students

If we introduce proposed Option 1 for post-16 students, there would be post-16 students who would no longer receive their subsidised travel from Suffolk County Council.

With a group of schools, we have developed a range of potential 'local solutions'. The local solutions could be introduced alongside any changes to the school and post-16 travel policy. They could reduce the cost of school and post-16 transport and help manage some of the impact of any policy changes.

Individual schools/colleges, communities or parish councils would have to agree the detail with Suffolk County Council prior to their implementation. Part of the agreement would include an assessment of the impact on the health and wellbeing of the children affected.

We can use the local solution menu with any of the proposed options.

Q13 Can you please give us your views on the following Local Solutions?

	Local Solutions	Strongly Support	Support	Neither Support nor Oppose	Oppose	Strongly Oppose	Don't Know
a	Changing school start and finish times - use fewer vehicles on school transport						
b	Extend school opening times – re-use vehicles for school transport						
c	Increase the size of the vehicles used - use fewer vehicles on school transport						
d	Increase acceptable journey times - use fewer vehicles on school transport
