What people appreciate about me

People tell me I am:
Kind, friendly and approachable.
I am organised and thorough in my work.
I try to be honest, fair and hopeful.
I listen to everyone's views and work to find common ground.

What is important to me

- My family and friends. My children are what delight and motivate me. I enjoy relaxing and chatting with good friends. I like being out in the countryside. And now I have a dog to keep me company too!

- Feeling I am doing a good job. So please let me know what is helping and what I could be doing differently.
- Getting involved early so we can get things going well again.
- Having a clear goal so I know we are on the right track.
- Enjoying my work and getting on with the people I work with (children, young people, families and staff).

How to support me

- I usually need to write things down or I forget them so don't be put off if I pull out a notepad and pen.
- Please ask me questions if you are unsure of anything (or if you can't understand my Scottish accent!).
- Let me know what you want to achieve, then we can work on it together.
