

Liza Wright (BAHons)
Inclusion Facilitator
liza.wright@suffolk.gov.uk

About Me:

I have always been passionate about the wellbeing of children.

My education, training and career has always followed the path of children. After a degree, in Primary Education. I completed a diploma in Montessori and spent a length of time working and managing in an Early Years setting.

I also completed an insights into counselling course and have worked many years in a Family support role. I value a person and strength-based approach to really gain the most out of children and families to build their self-esteem and help them thrive.

What is important to me as an Inclusion Facilitator:

- That I listen and understand children's views and experiences and share their voice with others.
- Building a trusting relationship with children
- To empower children to have hopes and dreams by helping them feel valued and special.

How to support me:

- I appreciate constructive feedback so I can reflect, develop & improve
- I like to know how to do things, I am a visual learner so please show me how and maybe repeat it a few times as my memory is not what it used to be!
- I like to be organised and know what is happening, please share with me a plan and information in advance if possible.

What people admire about me:

I am passionate about children and young people.
I am kind & friendly.
I build trusting relationships and strong connections.
I listen to others thoughts & feelings.
I'm reflective and learn from experiences.
