

Radcliffe Drive, Ipswich

This is only an artist's impression of the modal filter. Details / scale are not final.

57% of resident respondents are in favour of the trial (survey results April / May 2025).

To reduce through-traffic, a temporary modal filter will be installed between the junctions with Didsbury Close and Wilmslow Drive.

 No vehicle access through

 Open to walking, cycling, and wheeling

The scheme will create a safer and quieter environment for local residents.

Share your feedback during the trial. If successful, it may become permanent. If not, it can be changed or removed quickly.
