

SENSORY WORKSHOP

An interactive workshop that will explore sensory differences and how this could impact our pupils.

For whole-staff cohorts and professional teams working with children and young people

BECOME A SENSORY AWARE SETTING

Develop staff knowledge and understanding of sensory processing:

- Exploring practical strategies to support the inclusion of pupils, considering both the individual child and whole-class level.
- Interactive activities to embed the learning and theory, strengthening staff confidence to support their pupils.
- Creating bespoke One Page Plans to support your classroom, school, or setting.
