

Suffolk Highways Surface Dressing Week Commencing Monday 8 June

Road	Parish
Wheelers Lane	Great Ashfield
Stock Hill	Langham
Town House Road	Langham
Brook Farm Road	Langham
Park Road	Wetherden
Old Stowmarket Road	Woolpit
Rectory Lane	Woolpit
Road from C429 to C695	Drinkstone
Beyton Road	Drinkstone

Please note that all work dates are provisional and may be subject to change due to weather or other factors.

The dates included in this programme are for surface dressing only. Once surface dressing is completed, we will install road markings on the newly surfaced road.

- **Surface dressing:** We aim to complete all surface dressing works for the above location by Friday 12 June.
- **Sweeps following works:** To ensure a uniform coating of the surface, more chippings are deliberately applied to the surface than are actually required to complete the dressing process. The road is swept at regular intervals to remove any excess chippings, including a first sweep 24 hours after completion of the works, a second sweep 7 days after the work and a third sweep within 14 days of the works if required.
- **Road markings:** We will begin installation of these in the weeks following surface dressing, although this will be dependent on weather and road space approval.
- **Lockchip:** We will be trialling Lockchip, a surface dressing emulsion used to lock (seal) down the new surface, on our Old Stowmarket Road, Woolpit, site.

Suffolk Highways Surface Dressing Week Commencing Monday 15 June

Road	Parish
Road from C429 to C695	Drinkstone
Beyton Road	Drinkstone
Park Road	Drinkstone
The Green	Rougham
