

11 September 2019

Dear Carer

Market Engagement event *Monday 9 September 2019* about future Family Carer services

Thank you for attending the market engagement event on Monday 9 September 2019 about support for family carers services being arranged ready to run from the second half of 2020/2021. It was so helpful to have you there on the day.

The way you continue to identify and raise relevant themes during these discussions and planning is invaluable. Carers like yourself know first-hand what is important and help keep us all on track.

Family carer representatives on the Carers Steering Group will continue to reflect carer viewpoints at each stage. We will also continue to include carers like yourself at key decision points where possible.

A full set of slides from the events is now available at the following link: [Family-Carer-Market-Engagement-Event-Presentation-Sept-2019.pdf](#).

There is also a list of the providers represented at the event at the following link: [Provider-list-from-after-9-September-2019.pdf](#). This follows a request by one provider at the event to help providers contact other organisations about working together. We will be adding to this list as and when other organisations opt to join the conversation.

All our updated information can be found on: <https://www.suffolk.gov.uk/care-and-support-for-adults/caring-for-someone/family-carers-events-and-updates/>. We will put updates there as and when there is information to share.

Please tell any family carers you know about these plans if you think they would be interested in them.

Thank you once again,

Helen, on behalf of the Carers Steering Group in Suffolk

Helen Robinson
