Belonging

Why A PATH is person centred planning tool that creates a shared vision of a positive future for the person, with those who are important to them and who can support them.

The PATH session will be facilitated by a process facilitator who will guide the group through the stages and ensures that the young person is at the centre throughout and a graphic facilitator who creates a large visual record of the process.

Is your child or young person:

At a time of transition?

Feeling stuck?

Needing help to imagine a positive future?

Get in touch to see if a PATH could help.
