401	I think it will be more responsibility because you have more to remember like where you are going for your lessons and travelling and looking after all your stuff.	2
402	I think it will be a lot more responsibility because you've got to know the way to your school and where the classrooms are and make sure that no one takes you.	2

	going to my new school but I'll be sad to leave although am going up with two of my friends. Am a little worried about my spelling if it is going to affect me in my new school.	
486	I'm really excited about moving up to my next school. I think that the three school system should be kept the same.	3

494	I would like to move up but I will miss my friends.	3
497	I can't wait to move up but I will miss lots of my friends who are going to other schools.	3
500	Can't wait! Middle schools also offer smaller tutor groups and yield higher results.	3
501	I would recommend that you keep the 3 tier system because we are more mature than some of my friends who have the two tier system.	3
503	Moving up to a new school is a great experience to make new friends etc. So the school system should not be changed.	3
504	I think that having 2 schools is better because when you are with people you know you work better therefore your more happier.	3
505	It will be a bit scary and I will not very likely be able to do work. Maths and other lessons will be too difficult.	3
507	Will people accept me for the way I am.	3

520	I'm a little scared about going up as I think I'm going to get lost, and also would of like to visit the upper schools more. Can't wait to make new friends.	3
521	I am looking forward to meeting new people and having more facilities to do things in.	3
523	I found moving easier with a two tier system than 3. There is better teachers, equipment and more people to socialise with.	3
524	More visits to your new school before you move up. More equipment.	3
525	I don't like the idea of being 11 and being bullied and surrounded by a lot older people + its stressful moving to such a bigger school.	3
526	It is easier to gradually move up into bigger schools but in the long term moving into secondary school when your 11 and not moving again is better for a child's education generally.	3
527	I think that middle schools help build up self confidence, a bigger age gap between youngest to oldest is more intimidating for younger students. It also means you don't get	3

	too bored and old for your school. I was ready to move up when I did.	
528	It will be bigger and make more friends there will be more facilities to do more things in subjects, also you will have more specialist teachers.	3
529	It is better to have middles schools because the change isn't so drastic!	3
530	It is better to have middles schools because the change isn't so drastic!	3
531	I think if there will be two schools year 6 will start bullying 5 year olds because they need attention. Plus 5 year old people will get scared because it will be too big.	3
532	Children find it easier to move to a new school when they are older, I come from Australia where they do this and the primary schools <u>DO</u> have specialist departments and teachers.	3
533	Moving once is better because the primary schools will have expert people and proper p.e., games, science and other lessons equipment.	3
534	Moving when you are nine gives you confidence and social skills so that when you then move at 13 yrs it is easy and very exciting.	3
536	Moving from my primary school to my middle school was easy as the number of pupils was similar so the change then got me used to changing surroundings. I'll just have to get used to more pupils.	3
537	I think it's better to have a middle school because it is not such a big change and will be easier than going from a primary to a high school. It is also nice to have specialist teachers and science labs and a big gym.	3
538	It is important to know what sets your in and who your with so your not with bullies. Also to keep older children away from young children in case of bullying.	3
539	I think moving twice (9+13) is better as you are with people that more your age but if you go up to upper school when you are 11 you are mixing with 18 year olds.	3
540	At 9 years you are ready to move on and grow up it gives a sense of maturity. At 13 years I am definitely ready for upper school it is the perfect time to move on.	3
541	It is important to know which sets etc you will be in + who you will be with so you can start to get to know one another etc.	3
542	There is more subjects in upper school.	3
543	There is more subjects in upper school.	3
544	It is better to have 2 changes because when you're 13 you have already changed so you're used to it and have better social skills.	3
545	Smaller children find it hard to move up to such a big school for the first time. They should combine the Middles Schools so that there are better teachers.	3
546	I look forward to it, see all the new people will be fun I'm looking forward to it.	3
547	When you move up to upper school you don't worry as much because you know what to expect.	3
550	There is too many people in the two tier system.	3

553	I like having 3 schools. Its nice to be different and the schools aren't too big.	3
554	I like the primary school, middle school, upper school and six form routine because we get specialist teachers.	3
555	I think moving up to a new school is good but I think you should stay on at your primary school for a bit longer.	3
556	I like having 3 stages of school (change of scenery). Having different teachers.	3
559	That I like moving up to a middle school because otherwise I felt belittled (but it was nice in primary school!)	3
560	I was happy to move to the middle school when I did.	3
561	I was glad to move up at 9.	3
562	I think the Suffolk's ways of moving school is a good idea.	3
564	We get loads of good teachers and we do good plays.	3
565	I am worried about having more friends.	3
566	No! Only to make new friends.	3
567	The best thing is when you make new friends at the school I'm in now.	3
568	I'll miss my friends. Hard work. Good plays. Very strict teachers.	3
569	I like [Middle School Name] better because of field trips.	3
570	I will miss my school because it has been great fun so far! And I will miss the art room and ICT room because of fun memories.	3
572	It is fine to be moving to a new school.	3
573	Doing PE with [Teacher's Name]. He is a specialist teacher.	3
574	It might be better than this one.	3
575	I think this school is better than primary.	3
576	Make new friends.	3
577	The worst thing is there is too much work too much hard work. I will work harder at upper school.	3
578	The best thing about moving up is the clubs and music.	3
591	I was ok when I get here but a little scared before I got here.	3
592	I was fine when I moved to this school.	3
593	Too much homework.	3
594	The only problem is there's so much home work.	3
595	The best thing is we have really cool clubs and D.T. room, Art room and cook room.	3
596	The best thing is the big field.	3
597	It's quite tricky because of 2 things you don't know the rules or the teachers.	3
598	I'm really scared of the work because it might be hard at high school.	3
599	Because maybe the other one is better.	3
600	The worst thing is trying to make new friends. The best thing is the big field.	3
601	I'm happy at which time of my life we change school right now.	3
602	I wouldn't like to stay at school until I was 11 because I really was looking forward to my next school when I was 9 and I really like the Art room, PE and music room, in my new school	3

	and I feel more grown up.	
607	I'm quite happy moving to middle school.	3
608	I liked to come to [Middle School Name] because we have labs and more per/games equipment. At my old school we only had a computer room.	3
609	I was happy to move up because the expert teachers and the sports equipment and the music room, food tech and art room.	3
610	I think it is easy changing school but it is hard when you split up from your friends (Like me).	3
613	I'm quite happy about moving up to another school at 13.	3
615	I think Middle school is a good thing because it gets you ready for upper school. I'd hate it to change.	3
616	I was quite happy coming to this school as it has lots of equipment and I made more friends.	3
620	I think you shall start school at 4 move up to high school when you're 12 or 12.	3
621	I would not be scared to move to an upper school because the environment is so nice to be in.	3
623	I think it is nice to have a nice big games field but not a science lab because we don't go in it.	3
624	That I hope they will make me welcome. I hope they have excellent facilities. I liked moving up to a new school.	3
625	I think in the next school we will have better things and that. And there are nice things in this school.	3
626	Facilities The fields.	3
627	I think that there should be a primary middle upper school because there is more class rooms and gets our big field all to our self.	3
628	I think there will be better equipment and I think if I do move up to another school I will like it and make a lot of new friends.	3
629	I am excited about moving to [School Name] but scared a little bit because it so big.	3
630	I find it quite hard moving from school to school. But I find it also quite exciting. I finally think moving school is cool and fun.	3

634	I would of liked to stay in primary school till year six.	3
635	I felt scared when I moved up but I really liked to put on my uniform and go to buy all my school equipment! I really miss my old school, I loved the teachers. I always think that middle schools aren't as friendly as primary schools. It is hard when your friends go to other schools.	3
636	Yes? I liked moving up to a different school every 4 years because it gives you a break from school and time to see your family if they live far away.	3
637	Hope there will be a bigger gym.	3
639	Yes it is great having a huge field and art room.	3

642	There are better facilities	3
643	You meet more people and get more friends new teachers.	3
644	There will be great facilities when I move up to upper school like when I moved up to middle school.	3
650	I will be scared up there and I have to get to bus to town everyday.	6
652	I am not looking forward to the homework.	6
657	I'm scared about getting bullying.	6
659	I'm not that scared to go to my next school because my cousins and sisters are there so I'm looking forward to it.	6
660	I think the work will be very hard!	6
663	I am looking forward to it a little bit.	6
664	I don't know a lot of people there.	6
665	I am worried about most things. My 2 brothers and sister are at the school. They will hopefully help me.	6
672	I think it would be great for me as I may meet new people and meet new friends. I look forward to moving up to my new school.	6
674	I am worried about being bullied and getting lost.	6
677	I would like to make a new start and not people bring up the past.	6
679	It will be good but scary at first but I will have my friends with me so I don't need to worry.	6
683	I will be wickerd moving to a new school.	6
684	I will lose most of my friends.	6
686	In case I get bullied. In case I get told off.	6
688	I am scared that I will get lost going to my next class.	6
691	I would like to make a new start at my new school and make new friends!	6
692	I am really excited because I will make more friends in high school.	6
693	I am a bit worried about the work.	6
694	I'm scared if anyone bullies me. And I am scared of getting lost if I don't know my way or where I'm going.	6
695	If anyone bullies me about my weight and I might get some shed and the work.	6
696	About getting bullied and not telling anyone.	6
697	I would like to be in my friends' classes but also make new friends.	6
698	I am a bit worried and a bit scared.	6
701	Not really. Just that I am looking forward to going to high school.	6
703	Yes because you might get beaten up and that I am scared that I might struggle with my work.	6
704	Yes because I might get beaten up and lost in new school.	6
705	Moving up to different schools is scary.	6
706	I worry that the older boys will pick on me.	6
715	I hope I will not get bullied up at my new school.	6
716	What sports there will be and will it be a lot harder in year 7 than year 6.	6
717	You shouldn't panic it will be fine.	6
721	It is a big leap and you don't know whats going to happen.	6

727	I think that bullying will be a problem at the new school.	6
730	I will be nervous to start a new school but I wish there was a [Middle school].	1
731	I think that it is easier because I know 13 people at [School Name] and I've met one more. [Several children's names], her sister and two more are my friends. It's so cool!	1
732	I might worry about not knowing the teacher that I've got because you don't know if they are strict or kind and friendly.	1
733	I am a bit worried about the homework.	1
734	I think its silly to move school when you are 9. All my friends in Essex change at 11, and my friends in Ipswich.	1
738	Playing football, playing tennis, playing with someone I don't know.	2
739	Most children will be nervous because they might not know anyone.	2
740	I am nervous because people might not like me because I am plain. I am lonely at play times. I have relatives or people I know.	2
741	There might be bullies who want to bully us.	2
742	I am going to be nervous because no one knows me up there.	2
743	I am used to going to [School name] but scared if my best friends runs off some where because she knows the school and I don't much and I might get lost.	2
744	I am excited about going.	2
747	I am scared about bullies. I am excited about P.E. I'm worried about the teachers.	2
750	I am a bit scared.	2
751	That I can't wait until the P.E. lessons and I might be scared.	2
752	I'm worried about getting a behaviour slip or a exit slip or getting told off and getting sent to the teacher.	2
753	I am worried what teachers there are I don't know if they're strict or friendly.	2
754	I think we should have 3 schools.	2
755	I am scared to make new friends.	2
757	If you get to school late you should three chances to stop doing it.	2
760	I hope I can find everything. I hope everyone is kind.	2
761	Making new friends and meeting new people.	2
762	I am feeling a bit scared.	2
767	I think I'm going to be a bit shy because I'll be going to a bigger school.	2
769	I don't know how to swim.	2
771	Do you have any friends that going to your new school with you?	2
774	It will be cool.	2
776	I'm excited.	2
780	How many people will there be in one classroom?	2
781	When you move up to a new school, would there be a type of sport you will have to do?	2
782	When you move up to a new school it is so scary because you don't know anything about it.	2

783	I'm scared about moving to a new school.	2
785	I think I will like the music most when I move up.	2
791	I would probably rather not have to move to a new school.	2
880	It will be fun.	3
882	Is there bullying	3
886	I worry about getting offered drugs or cigarettes! Also about being bullied by the older children (peer pressure).	3
887	I worry about getting offered drugs and peer pressure to take them and also about being bullied.	3
890	In tier schools we are given more responsibilities and are treated like adults & not children. The questionnaire is asking babyish questions to mature people. Not many teenagers look forward to playing on a playground so it shows that we are thought of as immature kids.	3
891	When I was in year 7 I wasn't ready to go to a different school but now I feel I am.	3
892	When I was in year seven I didn't think I would be ready but now I think I might be ready to go to upper school. I think that it should stay a 3 tier system.	3
893	I am worried about people staring and talking about us because we are small.	3
894	I'm worried that people will be mean to me. I do not want A 2 tier system!	3
895	In 3 tier schools we are given more responsibilities & are treated like adults + not children. This questionnaire is for young children + some of the questions are not suitable for our age. They are <u>babyish</u> .	3
899	I <u>don't</u> want a two tier system!	3
900	I DO NOT WANT A TWO TIER SYSTEM!	3
902	I moved from this middle school and went to a high school and came back. When I went to the high school I felt overlooked and belittled. The older children were always given the best things whilst others in younger schools are left out. I didn't like it. When I came back to a middle school all years were treated fairly and it is a much better environment. There are dinner ladies to watch you at lunch and the teachers get to know their pupils better and its not so crowded.	3
903	That it is difficult and that it will be hard to find where to go.	3
904	<u>I do not want a two tier system!!!!</u>	3
905	In year 7 I don't think I would have been ready to go to a school with year 10 and 11 pupils. I think we should keep the 3 tier system!! <u>I DON'T WANT THE 2 TIER SYSTEM!!!</u>	3
906	When I was in year 7 I don't think I would have been ready to move up to a high school but I am ready now. <u>I DO NOT WANT A 2 TIER SYSTEM!!!</u>	3
907	I don't want a 2 tier system	3
908	I am rather worried about moving to a new school and I hope I make a lot of new friends.	3
914	About the time.	3
915	It has a different smell. It's a lot bigger so we will get lost quicker.	3
916	Yes I could when you move up to middle school you have more ability like we have 2 science labs a proper art room, keep school to 3 tier.	3

918	Well there will be too much people there and all the labs and stuff like that at a 2 tier.	3
920	I don't think I'll do well with detention and I will like the clubs. P.S. and the food.	3
922	Meeting new teachers might be a bit weird but I will be looking forward to it because I like meeting new people.	3
923	I go swimming, trampolining classes, special library days, and science fairs so I know my upper school pretty well (this school is [School Name]).	3
928	It is a bit scary trying to find your way around but you would get used to it and make good friends to take the scariness away.	3
930	It is really worrying for me and it is scared I get upset when I get lost and don't know where to go.	3
932	I think that a old year should take a new person round the school.	3
938	Some times it is very scary and you get bullied a lot because you are a newer and they like to pick on people that are better than them and smaller than them.	3
939	Yes because I'm too scared it will be harder and I will be scared meeting new people!!	3
946	It is a good idea to have middle schools.	3
947	I worry about the teacher being really strict + why do you want to wreck our middle school. Also people smoking.	3
949	I think that you should move twice so when your older you will be able to take moving.	3
951	I disagree a bit because the year 8 are bad enough because they disturb us and it will disturb us more with older people.	3
952	I don't know why you want to move year 5 and 6 out of our school.	3
953	I think we should have middle schools because I think that it would be scar being with people that are about 15-18. And some of the people might be stupid and smoke around us children and I don't like people smoking.	3
954	It is difficult. When you have just made friends from another school and they go on to another school.	3
955	I think going to primary to upper is a bad idea because when you are in upper you will get bullied more because your still pretty young.	3
959	People annoying me and beating me up and when I play football they will be too rough.	3
960	I don't want to have to knock other schools down.	3
961	I think 11 year olds with 17 year olds (who smoke) is a bad (pathetic) idea. I'd be extremely scared.	3
963	I don't know why you want to move our school.	3
964	It would be scary to be with older people because they bully us.	3
965	Yes. The three tier system is usual for all of us at the middle school and primary and its not all about you, its more about us (primary) (middle).	3
967	I am scared of the TB jab.	3
968	Hopefully it will be better than this crappy school.	3
971	Well I'm just worried about the bullies! But I will be looking forward to the opportunities for acting and singing.	3

976	Having more homework and a bigger and better school I'm looking forward too.	3
979	I think it is better to move school every 5 to 4 years because then you won't get bored of the schools so much.	3
980	No except its scary.	3
982	I think that the 3 tier system is more effective because it breaks down the schools and it adds confidence to older children in a middle school. As in if they were the youngest in a secondary school they would be shy!	3
984	I would like my sister when she goes into year 8 in 6 years is more school when year 8.	3
985	I feel better about having 4 years preparation for the upper school. At the age of 11 we wouldn't be ready.	3
987	Moving up to another school is very exciting for me because there will be lots of new opportunities and I will be able to make new friends. So I look forward to it.	3
988	It is quite scary because there are usually more people.	3
989	You worry about people bullying you.	3
990	I am looking forward to all the new opportunities, like GCSE etc & the new clubs & lessons, I am a little worried but hoping to make new friends.	3
991	It is scary so it is better to only have to do it once!	3
994	I think we should keep the middle schools because they are good for that age group of children instead of going from primary to upper.	3
995	If we were in primary it would be boring staying in your own room so I think we should keep the middle school because they're fun and there's more stuff to learn.	3
996	I think if you did not move I would find it hard because your in the same room till your 11.	3
998	I think it is good to have a middle school because it's good to have more education.	3
999	He should keep middle school or otherwise children in primary school would probably get bored in lessons.	3
1002	I would have learned about tests and SATs.	3
1003	I think all the middle schools should teach the children harder.	3
1004	I like moving to other rooms for classes.	3
1005	I think that moving around a lot will help your exercise. And you will not get cramp.	3
1007	That I would be in the same age group to 13.	3
1008	I would like to keep the middle schools because we move to different classrooms and you won't get confused in lessons.	3
1010	You won't be able to get a much lessons.	3
1013	I would like to be able to move round classes and see more people more often.	3
1015	They would be bigger than me.	3
1017	The middle schools are a play you meet new people and you experience new things.	3
1018	I think we should keep the white boards because they are very good for learning.	3
1019	I don't want the middle school anymore.	3
1022	It will be fun to start a new school but am worried about a lot of things.	3

1023	I think middle schools are a bad idea because there is no point going to 3 schools if you only have to go to 2 schools.	3
1024	I support middle schools because it is not a massive step, it is two small steps.	3
1027	I look forward to making even more friends at my new school. Also meeting my friends which are older than me.	3
1035	I support middle schools because they have a good age group of children and is better than secondary schools 11-16. I'm looking forward going up to upper school because it will be a new school with new people.	3
1036	When I am unhappy or something like that I'll want to look for someone to talk to.	3
1038	I suppose it will be fun meeting new people but I already know some people that are there anyway.	3
1039	I like middle schools because you can get used to the idea that we all have to grow up at some point!	3
1042	When moving up to our new school I am looking forward to a change.	3
1043	I think moving from primary to middle, then middle to upper is really good. This way there are less children in the school and you can go on more trips.	3
1045	I'm not scared about moving school at all now because I know what it is like and it wasn't scary at all.	3
1046	Sometimes you get split up from your friends from your previous school and that makes the lessons/school less fun.	3
1047	It is a bit scary.	3
1048	It is tricky at first because if you had a smaller school before, you might get lost but you get used to it.	3
1049	It is scary at first because you don't know where anything is but in the end its ok.	3
1050	I would like to move school but I would stay for a little bit longer to get used to it.	3
1051	It would be a lot better and easier for me to get to school.	3
1053	I will miss my friends and everybody else.	3
1054	I do not want go up a new school I like to be home schooled but I'll go new is harder.	3
1057	I don't mind moving but it would be a shock because I don't settle in that quick. But I like moving!	3
1059	It is a bit scary but then you start to get the hang of what to do anywhere to go too.	3
1060	I think it would be quite good to move up a school.	3
1061	I hope to not be bullied on the bus there and back.	3
1064	Will they hurt us yes or no?	3
1065	It's scary at first, but I fell better to know that my friends and other pupils have the same problems and we can help each other!	3
1066	It is fun.	3
1067	It is very hard and at the start it is really hard!	3
1070	I feel ok about going to the next school but I bet I will be nervous.	3
1071	It would be nice if we had a chance to pick a buddy or to take our opinion.	3
1088	I was scared when I moved up because I moved on my own.	3

1090	I'm happy because I moved up with some of my friends and I also think the system is good because you'll still be with your friends so you don't split up with your friends.	3
1091	It helps us going up with all of our friends because you know some people. All the teachers are nice to you and they listen to your problems.	3
1092	I think we should have our system because we won't get bullied by year 11's.	3
1094	I think the 3 tier system is a good idea because 11 is quite old to be in a primary school and 11 is quite young to be with 18 year olds also 6 years is a long time at one school.	3
1095	I think that they should keep middle schools up and after primary come to middle school because it is really good – and it will be sad leaving our teachers.	3
1096	I think it is great because if we had a 2 tier system then people in year 11 or 12 could pick on the year.	3
1097	I do not want to leave this school because it has helped me understand more things than I used to. And I also love it here because all the teachers try their best to help us and I'm scared because the upper school is very big.	3
1098	It would be sad to leave all the really nice teachers I have and it would be really scary to move up to a BIGGER school.	3
1099	I love the system we're in now because we move schools 3 times and I think that moving schools is very exciting and I like new things and surprises.	3
1100	I like this school and I love my old school so I don't want there to be 2 schools I want there to be <u>three</u> .	3
1101	I was so excited about coming here! And seeing [Teacher's Name].	3
1102	I was excited and a little bit nervous.	3
1103	I was excited to move up.	3
1104	It can be a bit exciting because it is much much bigger.	3
1105	It is quite scar you don't know who is going to like you or dislike you but I found that didn't happen to me.	3
1111	It is scary but when you get used to it.	3
1113	You make friends quickly.	3
1114	I am scared to move up to another school.	3
1115	I was very worried.	3
1116	Nope, apart from its not that bad.	3
1118	It is quite weird with all the new teachers and rooms. But it was fun.	3
1120	I wasn't scared I was looking forward to going to a new school. It is really fun.	3
1124	I think if you move to a different school it might be a bit scary because it might be a big school.	3
1125	I like the 3 tier system primary to middle to upper school.	3
1126	I like the system I am in (3 tier).	3
1127	I liked my new school it was really scary I liked my new teachers. I really love this school I am glad I moved up to this school it is the best middle school. I really like this school. And my teachers.	3
1129	I would like the schools the way they are I think the system should stay the same so that we have primary, middle and upper.	3

1130	It is hard moving to a different school because you might be split up away from your friends. And the school looks big and scary when you first see it.	3
1131	The 3 tier system is the best when you move from a primary to a middle you think its small at the end of the year.	3
1132	I think that the 3 tier is the best because in the 2 tier is even harder to move up because you like the school.	3
1134	I think it is good moving up because its exciting. Makes me feel more grown up and makes me more confident at school.	3
1136	I am happy with the 3 tier system and if we were to change it it would disturb the year. And when you move school 3 times you socialise with more people from places not just in your hometown.	3
1137	I think moving up to a different school is exciting and it makes us feel more grown up.	3
1138	I'm happy about because my friends come with me. I think the teachers are really nice.	3
1139	I think that the system is good for education and to get ready to move up to a bigger school.	3
1140	It will be scary when we go up because we will be rather small and they will be big.	3
1141	I think I would like middle school better than upper school because if you're young and the big people will boss you around!	3
1142	If they close down the schools the people will be scared of the older people.	3
1143	I would like my friends to come with me.	3
1144	I think that moving up to schools with 18 year olds at the age of 11 or 12 would be scary because they would be taller than you and you would feel scared.	3
1145	Middle school is fun.	3
1151	All of the people that drink and smoke and have knives are so... and are so strong and might bully.	3
1152	If I was up Upper at the age 9 it would be so scary and frightening and will be able to driving, drink and get married.	3
1153	To be put with 18 year olds when you are 12 isn't very good because 18 year olds are allowed to drive, smoke etc when 12 year olds aren't even teenagers.	3
1154	3 schools are better than 2 because 12 years you are seeing 18 year olds on the bus. Have 3 so don't do it some people will get scared, they can bully.	3
1155	If 12 year olds go up to upper school the 18 year olds will be bigger than you.	3
1158	Moving to a different school is ok its older people scaring me so closing middle schools makes it more difficult.	3
1159	If I was put with 18 year olds they would be able to get married, drink and drive, and they would practically be young people.	3
1160	Moving up to another school if fun. But if you move up to a school where there 18 year olds, at the age of 9 I would be scared.	3
1161	I would not like to move from a primary school to an upper school because everyone is so much older and bigger so its quite scary.	3

1163	If you would close down middle schools. Little 11 and 12 year olds would be in a school with 18 year olds.	3
1164	I would be a bit scared because the people would be bigger than other and they might pick on other people who are younger than them who have just moved up from their other school.	3
1165	If you were 11/12 when you went up you would be a bit scary because you wouldn't be used to change.	3
1166	They trust you more at the upper school.	3
1167	Only that it is really exciting moving school because you meet new people and girls (Lol).	3
1173	Having a middle school is lots better because when I was in year 6 and moving up to a secondary school I wasn't ready but in year 8 I feel I am ready to leave.	3
1176	I think its good that your with some of your friends but its nice to change the other people.	3
1177	I like changing schools twice because it gives you something to look forward to and it is a change.	3
1180	I am looking forward to it.	3
1181	I think my new school is going to be really because my teacher is funny.	3
1183	Yes that it is very exciting to make new friends and meet new people and the school I am in now is a little bit boring but that will change when I move to the upper school!!!	3
1192	I think it will be a different experience but I think I will enjoy it.	3
1199	Do we get a map	3
1216	I think moving up at thirteen is a good enough age.	3
1217	No not really as I have already visited the school and am confident.	3
1218	I think it is the right age group to move to another school.	3
1219	I think 13 is the right age to move to another school.	3
1220	It is easier to find your way round a new school at 12 rather than 11.	3
1223	I think it is better to change schools at 9 and 13.	3
1224	I think 13 is a good age to move to a new school.	3
1225	I think 13 years old is a good time to move schools it will be nice to meet new people.	3
1226	I think the middle schools make you feel confident when moving school.	3
1228	13 is the best age to move up to upper school.	3
1230	I think 9 and 13 is a better age to move up because your more confident.	3
1231	I'm going to enjoy moving to another school at 13 and I don't think they should get rid of the middle school system.	3
1236	13 is a good age to move to a new school.	3
1237	It is good to move at thirteen to a new school.	3
1238	I think it is the right time to move because I have got more confident at this age and learn new things.	3
1239	I think moving to a new school at 13 is an excellent idea I am really going to enjoy my new school.	3
1242	Why is [Upper School Name]'s lunch and break so short.	3
1243	It is great fun when you go up there.	3
1249	I think that it is going to be a great experience for me. I can't	3

	wait to go up their and be a year nine. It will be like we are the younger ones once again.	
1253	I think having 3 schools in our area is a good idea as its fresh start. I also think it's a good idea to make friends.	3
1254	It is a big step so I am looking forward to it and meeting new friends and new people so it will be really good and new work.	3
1256	I don't think it's a good idea to have sets for everything in the first year.	3
1257	No I don't think I need to know anything else.	3
1264	What if we do not now know our way and we get to slips in more than 1 week that would be fair because we don't now know the way.	3
1268	No not really, I just hope I don't get bullied.	3
1273	No just that I hate change.	3
1280	When I move up to a new school I get nervous. I hope that it will be ok when I move to my next school.	3
1281	I am nervous because it is a much bigger school but I'm also looking forward to meeting new people and having new challenges.	3
1284	I am looking forward to moving up.	3
1287	I used to live in Essex and moved to Suffolk I found moving from a secondary school to a middle school strange and thought it would be easier if we only had to move school once in our school life, so we didn't have to work our way around two new schools.	3
1289	Moving up to a new school is difficult for some people but you get used to the way things work eventually.	3
1295	I will enjoy my new school.	2
1296	I will enjoy my next school a lot.	2
1303	I'm a little worried about the language lessons, I don't pick them up very well.	2
1305	I will enjoy moving to a new school although I will miss this school and some people from [Primary School Name] I have met before and we don't get on well.	2
1307	I am really looking forward to making new friends in my form, and I'm really excited.	2
1308	I am really excited about going to a new school I think I'll really enjoy it.	2
1309	I can't wait. I think it will be really cool and exciting. I can't wait to meet new people and do more exciting stuff.	2
1311	It is important to get to know your school before you move, so as you won't have a worry when you start. Moving school is quite hard for some people and I think you should give these people need extra support, to avoid getting left out.	2
1318	I am looking forward to it, but I will miss primary school at first.	2
1324	If the bus breaks down and you do not have a phone.	2
1330	I might go to the wrong classroom, or get told off.	1
1332	I am worried a little about detention.	1
1333	I am worried about getting bullied in my new school.	1
1340	I am worried about going to [School Name] with no friends to play with.	1
1342	I am really excited and I'm not very sure if when you get lost will people help us.	1

1343	I am scared about being lonely.	1
1344	I think it will be ok to go up at 9 and 13 but it must be a bit difficult.	1
1351	I am really worried about the work might be too difficult for me.	1
1352	If I don't know my way.	1
1353	Where do you go if you are lost or need help in the playground.	1
1355	What time do we get up and go to school?	1
1357	I do not want to go in a low set, I need a challenge.	1
1362	I know its going to be an adventure and am excited and nervous also.	1
1365	Yes my school now (middle school) is rubbish and so are the teachers.	3
1366	Its fun.	3
1367	I prefer 2 small changes to 1 big change.	3
1368	Everything about it scares me and I am just scared about everything.	3
1369	Its nice to know if you'll be with your mates in classes we don't and that can be a bit worrying.	3
1370	I dislike middle schools because you have to move up more often.	3
1373	How many tests do you do and how hard are they?	3
1374	I think moving up to a school and starting in year 9 is worse than starting in year 7.	3
1380	If you move in two easy small steps and less daunting think of it if you're in nursery and you are sharing a school with year 7's. It'll be very scary the same for year 8's and upper 6 th forms.	3
1385	If I went up to a high school at a younger age (like in the two-tier system) I would be even more scared as the age difference is bigger between the top year and the bottom year.	3
1388	I liked my middle school.	3
1390	I didn't mind this school this is not that bad.	3
1391	I'm glad I came to [Middle School Name] its great, I have enjoyed all the years here.	3
1392	Middle school is fun and it also builds you up to going to a high school.	3
1394	No thanks! Actually, don't get rid of middle schools.	3
1398	I have grown up using the 3 tier system I have found no problem with it, but then again I would probably say the same if I grew up in the 2 tier system.	3
1399	No but some of the bullying is bad.	3
1400	Middle schools prepare you for high school because they are not too big. I like the middle school loads.	3
1401	Middle schools ROCK!!!!!!!	3
1407	It is going to be scary because my best friends are going to different schools.	3
1408	I was worried about moving schools before I visited it, but now I'm not so worried.	3
1409	I think it is really good to have the middle school because it makes you a lot more prepared for the high school. If I hadn't come to middle school, I would be scared of going to high school.	3

1410	I am worried I won't make any new friends.	3
1414	I am worried because they will probably be much more confident and brainier than me!	3
1426	I think if we move to another school and have no middle school we'll be too young and we might not be ready.	3
1427	I think middle school is good because its not a so big jump. One thing I'm really happy at my middle school.	3
1428	I think staying in primary school for longer is a good idea because you are in the same age.	3
1429	I wasn't sure at the start but now I enjoy this school.	3
1431	I am excited about moving to a bigger school that has more things than at our school.	3
1432	I think middle schools are good because you go to a high at a better age like 13.	3
1433	Moving up to a new school is a really good idea because it gives you an opportunity to make more friends from different schools and you will have more friends so I think middle schools are a brilliant idea.	3
1434	I think middle schools are good as it gives you an experience of moving school, making new friends and having new teachings.	3
1435	You should keep middle schools because they are fun and you get used to walking to school and changing rooms each lesson.	3
1436	I'm a happy moving up at 9 and 13. I'm a happy where I am.	3
1437	I am happy staying at middle school because it is the one place that makes me happy because I will get a decent job.	3
1438	I think middle schools is a good idea because like primary school you don't move from class room. Middle school is a smaller version of high school.	3
1439	I am happy using the 3 tier system because there's not a big difference from going from primary school in year 4 then going to year 5 in middle school.	3
1440	I think when you're in primary the teachers are all soft on you with homework and red and yellow cards. And then if you go straight to high school they won't give you a chance to get used to it.	3
1441	I like the fact that I go to middle school because of lots of reasons. I will tell you one. Because you can make lots of friends.	3
1442	I really like middle schools but moving is ok. 9 to 13 is the best way. I would keep middle schools.	3
1443	I don't think a new school would be a good idea because you need different stages of schools because of home and school work.	3
1444	I am happy going to primary to middle school and then high school thank you.	3
1445	I am happy because	3
1446	I think middle schools are a brilliant idea, its step by step learning. Primary schools do easy work, middle schools a little harder work than primary and high schools do hard work.	3
1447	I'm very happy about going to middle school at the age of nine and going to high school when I'm 13.	3
1448	Its quite a good experience going up and I say that middle	3

	schools give you a good start to harder learning.	
1449	Its fun because you get to meet new people and visit it so you know what its like at your next school I'm happy moving up to a new school at 9 and then again at 13.	3
1453	I just hope the teachers are nice and so are the people.	3
1454	I think it is good to have a middle school.	3
1455	I think that moving up to another school will be really exciting.	3
1456	I think moving up to another school is fun but quite scary.	3
1457	It is worrying but not really.	3
1458	It is worrying but you have to keep your nerves.	3
1464	I think it will be a bit scary and I might get lost but otherwise I think I will be alright at a new school.	3
1465	I think it will be great but I think that I will need some help to get used to it. And I think that I will be very very nervous on the day.	3
1466	On a transfer day I think the school should get the feeling into you like you get when you start after September.	3
1468	Sometimes I am nervous when I go up to a new school.	3
1472	Middle schools better because there aren't as many people that are much older than you! Why haven't you mentioned anything about bullying? That's important too!	3
1475	I think that moving to a high school can be very scary because there's a lot more homework, bigger children and the schools bigger. Middle school makes you used to a bigger school.	3
1477	I am excited about going but how are the teachers? How many homeworks do you get a day? Do people smoke there?	3
1480	I am scared of the bigger kids and about bullying and homework.	3
1482	I'm not sure about what the teachers are like in the high school and how they will be different than the teachers here.	3
1483	I think that I might struggle at high school with homework but it could improve my education.	3
1485	I would like to know about the rules and teachers before I move in and to know how much homework I will get.	3
1487	I think that we will get bullied we're 11 and they're 18 or 19 we're too young to move up to a high school straight away when we're 11.	3
1491	I like the teachers because they're kind and put fun in the lessons.	3
1492	I think you have to get used to moving up to a new school.	3
1493	Teachers to explain homework if we don't understand. Not letting you go to the toilet.	3
1496	You think the school you are in is brilliant and you think you won't be welcome in a new school.	3
1497	Yes I get worried when I go to a new school lots of people usually make fun of my looks and I'm worried about people that are older than me will do the same.	3
1501	I'm scared that I might get picked on.	3
1504	I hate school. Too many people. Too big the classroom.	3
1508	I want there to be more nice and comforting teachers.	3
1510	New people need extra support.	3
1511	Are the teachers strict?	3
1512	What size are the classes big, medium or small?	3

1516	Yes it will be exciting.	3
1517	I don't want people to be mean or bully me. I don't want the work to be too hard, I want to understand it. No homework.	3
1523	What if you go to a new school and you don't know anyone and people bully you but the teachers don't do anything.	3
1525	I don't need to worry.	3
1526	I don't need to worry I have friends in the school.	3
1540	It would worry because people might bully me because of the colour of my hair.	3
1563	I'm worried it won't be a thing like my school I am in now.	3
1565	I think the school systems at the moment are fine and don't need changing at all.	3
1566	It will be scary at first but it is not.	3
1574	I've already moved school.	3
1578	I am used to it.	3
1579	I'm used to it because I've been to 3 schools.	3
1584	I'm used to it because I am in my 5 th school.	3
1585	Well my mum works at the school I am moving to but I have no worries.	3
1596	Yes I am not looking forward to it because I am a Billy No Mates and that ain't about to change.	3
1597	That I'm scared but excited.	3
1602	I can't wait.	3
1607	I have already been to an upper school for 2 years so it is not a problem going up again.	3
1608	I am looking forward to making new friends and to have newer teachers.	3
1614	It's a lot of pressure.	3
1621	Will I be in the same classes as most of my friends from a different school.	3
1641	I want to know more about the lessons and the pack lunches or school dinners.	3
1642	I want to know about lessons and if they sell chocolate and coke.	3
1643	Put us with our BEST FRIENDS!!!!!!!!!!!!	3
1645	Moving up to a new school will be hard work but it sure will be fun.	3
1646	I think it is definitely better to have three schools than two because they you get used to going up to a bigger school. Step by step.	3
1647	Put us with our best friends!	3
1650	Put us with our BEST FRIENDS!	3
1660	I think as you move higher you're pushed harder/ to your limits. Also its more relaxed.	3
1662	I may have friends already there but I'm scared about getting lost in the school.	3
1665	I think it will be fun meeting all of my older friends.	3
1667	They should always provide maps. Then you won't get lost as many times.	3
1677	Some of my friends are going to a different school and I'm not very good at making new friends. It will be fun though.	3
1683	When you move up to a different school you can take your friends but you can also make new ones!	3

1684	I think when you are moving you take your other friends to but you can always make new friends.	3
1685	It's exciting because you can meet new people and have more of a difference being at a new school will be fun. I prefer the three tier system.	3
1691	It is exciting to move up and getting new friends. It also stops children from getting bored at a school. So they concentrate more as things are new.	3
1696	It will be a challenge but it will be good but I don't want to move up from middle school because I want to keep middle school.	3
1697	If you miss middle schools you will know all the teachers and only see new teachers when you're 15 years old.	3

1725	Schools are really good everything is good about them.	3
1731	Moving to a new... be excited a lot of the time.	3
1733	I don't think 3-4 year olds should not be pushed to move.	3
1735	I am worried about moving up but when I moved I was so proud.	3

1736	Do you have a boy or a girl for a head teacher and is she or he nice to people. Do you have disco?	3
1737	I don't like moving to new schools without any of my friends.	3
1741	I would like to keep middle schools but moving up is no problem once you get to know your way around.	3
1743	Scary.	3
1747	I am looking forward to my next school but I will be sad to leave because I have had huge support from teachers, and have had no problems. Middle school is a great help.	3

1805	Seeing more friends from different schools.	3
1806	That maybe some people's attitudes will change from being naughty to nice because they're moving to a bigger school.	3

1836	I get worried if I get picked on.	3
1839	This question was not clear – moving to a new school is difficult.	3
1840	I like the 3 tier system.	3
1842	I'd like the 3 tier system that we have now.	3
1846	I think it will also be exciting as well as worrying and scary.	3
1848	I have mixed emotions about moving up to another school.	3
1850	Its really good to move school 3 times because although your leaving some friends you will see friends from your previous school again.	3
1851	I think breaking up with friends is hard and you will need support at your new school.	3
1852	I don't want to leave my friends that are going to a different school than I am.	3
1853	Its very scary and the younger you are the scarier it is especially if you don't know anybody there already.	3

1855	I wish more people could go to the same school and I didn't understand some of the questions.	3
1856	I didn't find 'starting a new school is difficult' in question a very well worded question because it could mean moving up to a	3

	different or a totally new school in a totally different area.	
1857	I think it will be hard to friends.	3
1863	To get on well at a new school.	3
1866	It is really scary at the start as you worry about meeting new people, getting lost or travelling.	4
1867	I get really worried about moving to a new school, if I live somewhere where I know no one. Its really scary!	4
1868	I enjoyed the experience of moving up to a new school.	4
1869	Teachers don't help you as much as they should.	4
1870	Teachers aren't supportive enough, they don't help you.	4
1877	I am already in my new school.	4
1878	I'm at my new school already.	4
1889	I'm not moving again.	4
1899	I think our system is too much effort.	4
1901	I would worry about bullying!	4
1905	I think when you are in your new class playing little games can help you get to know what its going to be like in your new school.	4
1910	I think that we should keep the middle school system. There is not enough room in the schools for more students. Middle school is a nice inbetween. Its very friendly. Keep middle school. Think of the pupils happiness, not of money.	4
1914	Not to do this "Have Your Say thing" Soooo 80's.	4
1916	Its good to start high school when you are 13 because you're are not likely to get nervous of the older pupils.	4
1917	Its weird.	4
1921	It is quite daunting but also exciting because you can meet new people and make a wider range of friends.	4
1922	Its scary because you don't know if you will fit in or not.	4
1946	Starting a new school can be scary but as long as you have friends you will be alright.	4

1953	You should see what its like before you move.	4
1955	Its fun.	4
1956	Yeah its not all that bad.	4
1961	Its crap and it ain't fun.	4
1962	I'm not! And this form is just a waste of ink, money, time and brain power!	4
1964	It is better with a middle school because a straight move from a little primary school to a massive big school would scare little children.	4
1969	It is fine if you have your friends around you it makes life easier, so then you can talk to them.	4
1971	Keep middle schools.	4
1972	I liked middle school loads and I hated moving from it. I don't enjoy high school much.	4
1975	Its exciting and I look forward to meeting new people.	4
1976	Keep the middle schools as it is.	4
1977	None about schools but Q7 and Q9 have some of the same questions. If you want to find out what we think about abolishing middle schools just ask us. Don't beat around the bust. Don't waste ink on coloured pictures or paper for	4

	unnecessary questions.	
1979	Its horrible.	4
1980	Its interesting as you can spot the popular ... like maggots crawling all over you.	4
1982	Its fun as you get more independence.	4
1986	I think that it's better to move from primary to middle and then high school as you meet more people and become more mature as you move up.	4
1987	Its great moving up to high school. As you have grown up and become more mature at the age of 13/14.	4
1988	I think its ok to move up school because I like making new friends but I hate being at the same school for long because you need a change and fresh start with a new school and friend.	4
1991	I think that we should not be in mixed groups next year.	4
1998	Its fun and nice to have a change. I also feel as if its better if you have 2 moves and not become an upper school.	4
2000	It is better when you are older because you can handle it and you get on more with the older year and you can handle it better.	4
2002	It is fun as you make new friends.	4
2004	It is quite hard but you do have fun and its always exciting moving and making new friends. I love high school its been the best, apart from the exams.	4
2006	There is not enough info about discipline rules + procedures.	4
2010	If you need anything you can see your mentors that come into your class.	4
2017	I think there should be a primary, middle and high school.	4
2023	When I am in year 10 I will not get my options.	4
2025	Its different and exciting.	4
2036	Its hard when its not with other people and in the middle of a year.	4
2037	It be harder when you don't know anyone.	4
2048	Yes watch out for the chavs and [Teacher's Name] smells like a field of fresh poppies!!!!	4
2051	It is good to have middle school because it prepares you for high school!	4
2052	It can be better to move school, as some people may not of liked their other school.	4
2056	Its scary and all the insignificant chavs with no intelligences will try to give their pointless existence some sort of meaning by bullying you.	4
2057	Its fun.	4
2059	Yes I think it is an incredible experience and makes me feel big and clever.	4
2062	Nope, its all so pointless and pathetic and chavs smell and bully me and they are spotty and greasy and chavy!!!	4
2069	I think there should be middle schools then upper schools.	4
2071	I think that there should all be middle schools. I don't like the big kids! I would hate to be with them!	4
2072	I might be going to [College Name].	3
2077	If you move up when you are 11 years old the big people of the school will bully you.	3

2089	Meeting new friends.	3
2090	Get new teachers and different class.	3
2092	I will be happy and nervous.	3
2094	I will be nervous when I leave and go away.	3
2096	I would hate to leave my friends.	3
2097	I've done it so many times so I would say it's difficult. But this school is THE BEST!!!!!!!!! [heart] [Child's Name].	3
2098	I think it would be great because I would meet a lot of new mates and teachers.	3
2099	Sometimes I don't know what to do and get quite scared I prefer to go to a new school with at least one of my friends.	3
2100	I don't really like moving up to a new school because I hardly know anyone and I feel nervous and really embarrassed when I get lost!	3
2103	It's the best, get different teachers.	3
2104	You don't get to go to different classrooms for different lessons.	3
2105	You get different teachers for every lesson.	3
2106	It is really fun and we get to do a lot of fun things and the teachers are cool.	3
2107	I would not like to move because some of my friends might leave.	3
2108	I like moving up to a middle school it is exciting to be bottom year again.	3
2109	I really want to be with my friends because I will know them and I can play with them at playtime until I get new friends.	3
2110	Any nice children there are I look forward to move up to my new school. And I hope people ask me if I want to be their friend	3
2115	<ul style="list-style-type: none"> • Are you worried anyone will pick on you? I disagree a lot • Have you fallen out with anyone in your new school and do you think it's the schools fault? Agree a little. • Do you trust your friends to help you in your new school? I agree lots. • Would you be sad to with your friends it they went to a different school? I agree a lot. 	3
2116	<ul style="list-style-type: none"> • Would you like to go to a different school? • Are you worried about being bullied at your new school? • Would you be sad if you had to leave your school that you're at now? 	3
2117	I am not sure if I want to move schools although I would like to meet some new people and make new friends.	3
2118	Have more fun things at my new school and play out more.	3
2121	I wonder if it will be a nice school and will people like bullies be nice for once.	3
2123	I like moving to a new school when I'm 9 and 13 a lot! I like being in the age groups of 9 to 13 a lot because there's not much age difference. I love the 3 tier system and I want it to stay.	3
2126	I like changing schools. It's nice to have a change sometimes.	3
2127	Yes I'll make new friends.	3

2128	About the new people and if I am going to get lost getting trouble with the teachers and where I go for the lessons.	3
2129	It will be good to move up.	3
2132	I think it would be good.	3
2134	I enjoyed moving up to my new middle school. I really like the 3 tier system and would like it to stay the way it is.	3
2135	Do you think the food would be nice?	3
2136	I will miss my other friends who are going to a different school and I worry of losing contact with them. I don't know if I will ever see them again.	3
2137	I will miss all my old friends a lot and may never get to see them again! Boo hoo.	3
2138	I can do lots more things in this school than I can in my other. You get more independence at [School Name]!	3
2140	Yes! When you move up to a new school you do not know anyone and any teachers, plus it is weird because you will not be known easily!!!!	3
2142	I really enjoy [School Name] more than my old school. I don't want to leave [School Name].	3
2143	I find it hard to work my way round the school ([School Name]) because I'm so used to [School Name].	3
2144	If the work is too hard what do you do? What if you don't like your new school? If you are not comfortable in a group you are put in at your new school what do you do?	3
2145	I think I will like my new school, its cool moving up.	3
2147	I don't mind moving school but I don't want to leave [School Name].	3
2150	I am looking forward to go to a new school and I will be older and it will be a lot better at a new school.	3
2151	I really enjoyed making new friends.	3
2152	It is better than my old school.	3
2153	It's better than my old school.	3
2156	Where will it be? Will it be like this school? Can we visit the school? It will be good.	3
2159	Can us pupils have a say on how long the day is?	3
2163	I am scared about	3
2166	I am very excited to move to another school, but I am worried I will get lost.	3
2168	I'm worried because I am leaving all my best friends behind.	3
2169	I worry that I am losing some of my friends who are going to a different school.	3
2171	Moving up to a new school is great the only thing I think should be changed are getting to know the new people you are meeting up with and also the new school and getting lost.	3
2174	I will get lost because there is a lot of rooms and stairs.	3
2175	I will only have 2 friends moving up with me.	3
2176	I think moving up to a new school is quite hard but it gives you a chance to meet new people.	3
2179	It will be strange going to a bigger school.	3
2181	That it is strange because it is another place you have to get	3

	used to all over again.	
2183	I think I will enjoy it because I know some people there.	3
2185	I will like it to be fun.	3
2186	That it is really scary even though I have done it already I still get freaked out about bullies getting lost and meeting new friends.	3
2187	I am really looking forward to it but I will miss the help they give me here at [Middle School Name].	3
2189	That it is very scary and I get very nervous and I like the way our schools are run in Suffolk!!!	3
2190	It can be scary but in other ways it's amazing.	3
2196	No just that it will be better.	3
2197	I am worried about meeting new teachers.	3
2198	I won't know anyone and none of the teachers.	3
2200	I don't think moving twice is very good because sometimes it is hard to settle in and doing it twice might be difficult for some people!	3
2205	I think moving from a primary to a middle school, then a middle to a upper school is better, it is less scary and you should keep middle schools!	3
2206	That it is more comfortable to be in the 3 tiered system because its not fair on the little ones to be with six formers.	3
2207	I like moving to a new school because it is exciting and fun.	3
2211	If the school is helpful and friendly it makes settling down easier.	3
2212	I think it will be fun after being in the same school for four years.	3
2213	Having a three-tiered process is an easier build up to upper school than a two-tiered.	3
2216	Meeting new people is a good thing.	3
2219	I'm not moving up. The upper school is cool [smiley face].	4
2221	I got lost every day [sad face]. And I'm not moving up again ahhhhhhhhh.	4
2222	KEEP THE THREE TIER SYSTEM!	4
2226	Its good because you meet lots of new people and make new friends.	4
2228	I prefer the third tier system (I assume this is what the questionnaire is about). If it changes to a two tier system then primary school children will find it difficult from the start.	4
2229	I <u>prefer</u> & <u>love</u> the 3 tier system. It makes children accustomed to meeting new people in their age group. It softens the blow of primary (<u>very small</u>) to upper (<u>very big</u>).	4
2230	Make sure you are completely happy before you move. It is very difficult if you want to move during your year.	4
2231	I feel that the three tier education system makes us more accustomed to change and builds confidence.	4
2232	I don't want to move to another school.	4
2251	Its fine.	4
2261	I think that the 3 tier system it much better than the 2 tier system	4
2262	The 3 tier system works. Its issues within schools that give it negative affects.	4

2276	I think that having 3 schools (primary, middle and upper) is much better than having 2 schools!	4
2289	It seems scary but it really isn't.	4
2291	Some people should get the chance to not do 5 days a week and do another style of learning on their days off.	4
2292	Just try your best and make new friends. If you respect the teachers they will respect you.	4
2293	Try your best.	4
2295	Try your best.	4
2296	I think it is better to have three schools, primary, middle and upper.	4
2299	It is much better having a 3 tier system because it would be even more scary if you went straight up to an upper school where there are 6 th forms.	4
2300	It could be scary but we did it by having the first day in September year 9 only so we got to know our way round.	4
2302	You worry about things, but when you get there, it is exciting and you make new friends!	4
2303	It is very hard work. Good luck.	4
2304	Been there, done that, and I certainly don't want to do it again!!	4
2308	Don't worry & lose sleep over it & always ask when you're troubled.	4
2309	Don't worry about what's to come!	4
2317	Don't worry, be happy.	4
2322	I am looking forward to it and ...	2
2324	I look forward to the big trips and the PE.	2
2325	I'm looking forward to playing the drums.	2
2335	At first it is a bit scary.	3
2337	That moving up to another school is very scary and is a big difference from your old school.	3
2338	It's a bit scary but you get used to it and you will enjoy making new friends.	3
2340	Scared because you don't know any teachers.	3
2341	I'm worried about any teachers and I think everyone is going to make fun of my ears.	3
2344	I will feel very scared.	3
2347	You should go to 3 schools, you should go to one or two schools and that's it.	3
2348	It was scary but now I'm ok.	3
2350	I like it but this school isn't great because all the year 8's bully you.	3
2354	Going to a new school could be good because you meet new people and maybe join new things.	3
2357	It is nice to know that you have people around you that you can talk to and make friends with.	3
2358	There should be only 2 schools and we should be put with all our friends.	3
2359	I think we should be with our friends!!!	3
2360	When you move up to a new school it is nice to know that there is going to be someone there for you.	3
2370	When you first start you see all people wearing a different uniform and sometimes you can't recognise your friends.	3

2371	That I will get lost in the new school (in 3 years) and we should be with our friends and only 2 schools.	3
2372	I might get bullied.	3
2373	There should only be 2 schools and you should be put with your friends.	3
2374	I will be very scared.	3
2379	I will get bullied!!!	3
2383	When I move school I worry about leaving some of my friends.	3
2396	In a new school I want to be with [Child's Name]. It will be better. I would strongly advise parents not to send their kids to [School Name] cos it is rubbish.	3
2397	If I was with some of my friends e.g. [Children's names].	3
2400	If you move school you start to get sad.	3
2406	I am looking forward to my new school.	3
2408	I will be looking forward to be going to my new school.	3
2410	I'm worried about getting bullied and getting split up from my friends.	3
2412	I worry about getting bullied at my new school and me and my friends might get split up.	3
2413	I think moving to a new school is exciting. I like to meet new people.	3
2414	Its not that bad once you get used to it.	3
2415	I am not worried at all.	3
2416	I might be moving up to a new school.	3
2418	I don't like school.	3
2420	I do not like my school.	3
2433	Yes, I have not got anyone in my class so I am trying to move class.	3
2436	I like the fact that we keep the same teacher at [School Name].	3
2439	Its exciting but nervous.	3
2441	Going to a new school seems strange as you don't know where everything is.	3
2443	I'm looking forward to learning more.	3
2444	I was quite annoyed because I was with none of my friends at my new school.	3
2451	Yes I am really looking forward to going up and can't wait.	3
2455	Can you get trained how to play football really good and can you learn to speak Italian.	3
2458	Moving into high school would be better if we were 11.	3
2461	Will you be in a class with your friends in a different class to you.	3
2464	I can't wait to go to [School Name]. I really don't like the school I'm in now. [School Name] seems that they treat people fairly. I hate my school!	3
2467	I am really looking forwards to going up to [School Name]. I didn't used to mind [Middle School Name], but it has gone downhill recently.	3
2468	At [High School Name] you get to go out for lunchtime, that is very good and you get a break from your lessons.	3
2469	I can't wait to go to [High School Name] the school I'm in is rubbish and don't treat you fairly.	3
2473	I think that if you get good teachers in your first year of your	3

	new school it is brilliant.	
2475	Yes there is lots of bullies at [High School Name].	3
2485	Make sure that I don't get the micky taken out of me.	3
2486	Make sure people don't take the mick out of me!	3
2488	I was with my brother was in year 8 when I moved up in year 5, so that's why I'm not scared when moving to new schools.	3
2491	That I want to be with all my friends and the work it might be hard.	3
2492	Its scary the lessons might be too hard for me and the teachers might be really strict and Louise might turn mad.	3
2493	Why does there have to be number of people to come to the school? Why can't you come to any school when you want? Why do you have to wear uniform?	3
2496	There is nothing to worry about.	3
2499	I might get lost and no friends and the lessons will be harder.	3
2500	I got bullied quite a lot when I started [Middle School Name] so I'm hoping that it doesn't start again, when I join high school. I hope I will enjoy being there as much as I think I will.	3
2506	No, <u>your pictures are scary</u> . I don't like you I like sheep and giraffes.	3
2511	No apart from its going to be a lot better than this school.	3
2514	You should be with some people I know.	3
2515	If your moving with your friends its ok, if not it will be a lot harder.	3
2517	That I will probably get bullied.	3
2521	I want to be with at least one friend.	3
2522	It will be hard to get to know my way around the school but I should be alright with my map.	3
2525	If there's a lot of bullies that pick on everyone.	3
2530	Its easy to make new friends.	3
2532	When you move its really good to make friends and its not good because got a lot of bullies.	3
2533	I think it would be better if high school start in year 8 or 7 and middle school went from year 1 to year 7.	4
2536	Its difficult at first but I soon got used to it. High school is much better than middle.	4
2538	I think its best to move to high school at 11 (Y7) because you get better grades.	4
2541	Being with a few friends helps you settle in more comfortably but still make friends.	4
2544	I think that people should leave at age 11, so there isn't any middle school.	4
2547	I think that we shouldn't be kept in school at lunchtimes because that's when the bullies start on the little kids.	4
2554	You might be scared of the bigger kids.	4
2558	Its nothing to be scared of.	4
2562	No because anything is better than this school.	4
2563	If you don't know anyone it is quite scary to move to a new school.	4
2580	When you first arrive you might get scared like I did. You might feel a little bit lost but you will soon settle down as teachers and students make you feel welcome.	4

2581	It is very scary so the people who are coming up to a new school need to be comforted and made to feel welcome.	4
2600	Its better if you're with people you know as well as people you don't. Also its nice to be welcomed with people older than you not intimidating you!	4
2602	I think when the younger children go up to visit there new school for a day etc older children in older years should not be in school.	4
2607	I will be staying at sixth form at the school I am at now and go to university in Leeds to study Law.	4
2613	Keep to the 2 tier system as you are in a smaller age range, and you can feel more secure. You could get into trouble with older pupils.	4
2614	No sorry I do not have anything else to say but it is nice having friends move with you.	4
2615	It is nice to have friends with you when you move but it is easy to make new friends.	4
2616	It is fun and you usually make friends quickly.	4
2620	Moving to a new school can be scary at first but you need to think about your future.	4
2621	Get people to show you around when you have moved here.	4
2630	Moving up to a new school can be scary at any age. I was a bit scared at first but now I'm fine.	4
2631	It is fine, don't worry and you will be fine.	4
2632	It was scary at first and I was worried that no-one would like me but it was great and I have made loads of new friends who like me for who I am.	4
2635	Don't worry about it and just enjoy the new experiences. Take it all in your stride.	4
2637	I find moving up or changing schools is not scary. I like meeting new people.	4
2638	As long as you are with someone you know in your classes, it gives you more confidence in your school work.	4
2639	I found it scary to move up to a new school but when you settle in you are fine.	4
2649	Make sure that you are with your friends in lessons.	4
2650	I much prefer the 3 tier system.	4
2655	To not be scared and be brave.	4
2656	Just have fun!!! Don't be a wuss!	4
2657	Just have fun and relax. Don't be scared.	4
2666	We shouldn't have to do PE if we don't want to.	4
2670	There is a lot better facilities and a wider range of lessons.	4
2672	Having two schools wouldn't be as good as 3 because the age range would be greater this would make the new pupils scared.	4
2676	If I moved when I was eleven to a school as big as an upper school I would hate it.	4
2683	The food is really better and there are more idiots to look out for.	4
2684	I think we should only have two schools to move to as then we can find out more about people and stay with them until the end of school.	4

2707	You should move up when you are 12.	4
2710	Its fun.	4
2713	It is scary.	4
2718	I think we should have a 2 tier school because it sounds better, also all my cousins went to one and it sounds better than a 3.	4
2721	I think a three school system is better because it keeps people of the same age together and middle school is by far the best school out of the 3.	4
2722	I think it is better to have a middle school because then you don't need to worry so much about moving again to another school.	4
2723	It is awkward leaving some of your friends who are going to another school. Worrying about being the youngest at school.	4
2724	I think it's a better system with 3 tiers because when you change schools in year 4/5 it gets you ready to move to a bigger school in yr 8/9. It makes you less worried.	4
2726	<u>DON'T CHANGE</u> the 3 TIER SYSTEM. Its good, as you feel more comfortable & the atmosphere is more friendly without really 'big' people.	4
2741	It can be a shock of the size of the new school but once your used to it, its fine.	4
2742	You need friends in your class.	4
2744	It helps if friends go up to a new school with them.	4
2745	Its good if friends are with you!	4
2750	Having ages 9& 14 mixing can be not so good but also it gives you a boost I preferred it.	4
2770	Its hard to make friends for me.	4
2775	I have moved quite a few times in the past and have always found it easy to settle in. I won't be moving schools again as I am already at upper and have only 2 years left.	4
2783	It isn't as hard as most say.	4
2789	You get to know more people & become more mature.	4
2790	Where I lived before we started at 11 and it was well alright then I moved at the end of yr 7 to Suffolk.	4
2792	It is not that bad moving up.	4
2796	It can be scary!! O O O O O water out 4 oges.	4
2800	When you move up to a school it is extremely hard because the unsureness of meeting new people and finding your way is very hard. Especially the older you are.	4
2808	Middle schools are a good idea.	4
2810	No not really, I don't want to get rid of middle schools like other places.	4
2812	Its not a problem moving schools, and I like middle schools so wouldn't want it to be changed from 3 schools to 2.	4
2814	I'd hate a 2 tier system. The three tier one is much better.	4
2815	I think that the 2 tier is crap and little kids will get scared over the big kids and it is crap!!	4
2816	The school should have a lot of sports and extra curricular activities and more P.E.	4
2826	Sometimes you worry if the people you meet there are nice.	4
2855	When you move up to another school you get a lot of bigger	4

	kids bullying ya.	
2856	Making friends can be scary as you have to trust them.	4
2858	Its scary.	4
2859	Moving is scary but each day you are there gets better and better, just get on with the change and it will improve.	5
2860	At first I was nervous but now I'm fine.	5
2861	It is scary.	5
2862	It can be scary and afraid of getting lost but you should ask for help.	5
2865	It is fun to make new friends.	5
2867	That it was fun to look around a new place.	5
2869	Some people might be really worried moving up but it is not very scary at all.	5
2870	Some people worry about getting lost but it is ok because you can ask teachers where to go.	5
2871	Is it good fun at high school and do you think I would enjoy myself by learning new things.	5
2873	It can be scary but as long as your not cheeky or annoying you will be fine and won't have any problems just get on with your work.	5
2878	It is scary and everyone might tease you cause you have no friends.	5
2880	Its hard to know what other people think of you or someone might beat you up.	5
2882	It will be a bit difficult.	5
2884	Although moving is fun, its hard as my behaviour isn't great and I'm trying to change it.	5
2885	Scared if people might bully you.	5
2889	Its good.	5
2890	That you should try your best at everything and just have a go. You never know you might just get it right.	5
2892	It is ok once you get used to it.	5
2893	Once you get into the routine its easy.	5
2894	I thought work would be hard but for the academic students its too easy.	5
2901	It was quite scary.	5
2902	It is scary and nervous because you don't know what to expect.	5
2904	It is quite scary.	5
2905	I don't plan to move again.	5
2923	Its scary but it won't be when you settle in.	5
2929	No I think there isn't much do at lunch times at school.	5
2933	Might get lost.	5
2945	Well, if your not one of the mainstream categories, you'll be hated. Less friends equals harder work through 11.	4
2947	Does university count as a next school?	4
2948	The next school I will be going to will hopefully be uni.	4
2951	I didn't like it I liked my old school though I meet loads of new people.	4
2963	People get nervous and worry about not knowing anyone and not fitting in.	4
2964	People can be very nervous about not fitting in with people already at the school.	4

2970	It should be as easy as possible.	4
2976	The three tier system is a lot better than the two tier system.	4
2981	People could be nervous so when you come up for the day it would be nice to have one of the teachers meet you at the door.	4
2982	Other people should respect them and try to welcome as they are probably nervous and we wouldn't like to be in their position.	4
2983	I'm in high school moving to another high school.	4
2987	Some kids worry about being in the lowest year again, they're scared of the other kids.	4
2990	No I just don't know if I have to go to college or not I don't really want to but if I have to go I will.	4
3020	Moving up can be scary but once you know your way around and stuff like making friends it's easy.	4
3024	Moving up to a new can be pretty funky, as long as you know the facts and keep cool. Not I'm joking.	4
3029	It is harder if you go to a new school not knowing anyone.	4
