Wearing a face covering

New rules say that you should wear a face covering or face mask when you use public transport.

Public transport is any of these:

- Bus
- Train
- Ferry
- Plane

This is to stop the Coronavirus spreading to more people.
Wearing a face covering

There are some other places where you should now wear a face covering or face mask.

Anywhere you cannot keep a safe distance from anyone else.

This includes shops and other enclosed places.

You should also wear a face covering or face mask if you have to go to hospital for any reason.
Wearing a face covering

You do not need to wear a face covering or face mask on public transport if you are one of these people:

- A child under the age of 11
- Someone who has a disability or who finds it hard to breathe
- Someone who is travelling with a person who needs to lip-read
Wearing a face covering

You should not remove your face covering or face mask when you are travelling.

But you can take it off to eat or drink something if you need to take medicine when you travel.

If you do not wear a face covering or face mask, you may not be allowed to travel.

You may also be asked to pay a fine.
How to wear a face covering
