SERVICE NEWS

Following the announcement from the Prime Minister Boris Johnson on Monday, 4th January, residents living in England have been asked to immediately follow the guidance of a [national lockdown](#) until at least the middle of February.

In line with government guidance, our latest advice for providers is to continue to deliver on-line courses or move to on-line delivery where possible.

In this academic year the impact of the Covid-19 pandemic means that the Service has to work flexibly and be responsive to local and national lockdowns and local tier restrictions at very short notice.

We thank all of our subcontractors for their continued commitment to providing high quality provision to our learners in Suffolk in these difficult circumstances.

The Adult Learning Service Team are here to help and support and will keep you updated of the latest information.

LEARNER VOICE

This month we wanted to highlight some of the amazing Learner Feedback that our subcontractors included in their 2019-20 Self-Assessment Reports:

“Without having done this English course I would have never been able to complete the application form to become a dog foster carer nor have the confidence to apply for it, so I am really appreciative and grateful to RF.” *Learner, Realise Futures*

“Before the course, I was very uncertain and I didn't have the confidence to apply to any degree apprenticeships during my last year of college. I lacked work experience and hadn't been able to pursue my hobbies or interests. Lockdown affected my plans in that I didn't get to end college properly, nor was I able to get careers advice and support during my remaining time there. I hoped the courses I attended (Step Up Apprenticeships and Construction) would boost my confidence and employment prospects so I can fulfil my hopes of obtaining a degree apprenticeship. They have already helped me recognise and develop my strengths and I've been able to construct a CV I am proud of.” *Learner, Inspire Suffolk*

“I had a great time thank you all for taking time out of your day to go this really made my day:) don't know what I would do without your support it means everything.” *Learner, Out Loud Music*

“I like English classes because I learning more in the class and I can see other people. They speak English too. I am speaking better than before.” *Learner, Ipswich Community Media*

“Definitely would recommend it to others. It's worked really well – all my activities stopped so this has given me a day of my week back in a time where normality on a weekly basis isn't commonplace. The course has really got me looking at things closer and I hope to continue doing this now that the program has finished.” *Learner, West Stow Country Park*

“One of our tenants is doing their (GLT) on-line learning and it has transformed him – he is excited about what he is learning, he is positive, his routine is now more structured and he is reading books related to his course. I have been deeply impressed with the way that they (GLT) reached out to those who had attended or registered interest in their outdoor courses.” *Partner Quote, Green Light Trust*

"I am now feeling so much confident, better about myself, motivated (among other things thanks to you and the course) and have started looking for work, and to apply for jobs."
Learner, Sentinel Leisure Trust
